

**BEFORE THE PUBLIC SERVICE COMMISSION**

In re: Fuel and purchased power cost recovery  
clause with generating performance incentive  
factor. | Docket No. 050001-EI  
Dated: September 9, 2005

**PROGRESS ENERGY FLORIDA'S MOTION FOR LEAVE  
TO FILE REVISED SUPPLEMENTAL TESTIMONY**

Progress Energy Florida ("Progress Energy" or the "Company"), hereby moves the Prehearing Officer for leave to file the Supplemental Testimony and revised Exhibit No. \_\_ (JP-1R) proffered with this motion. In support, Progress Energy states:

1. On August 9, 2005, Progress Energy filed the testimony and Exhibit No. \_\_ (JP-1R) of Javier Portuondo to present the Company's estimated/actual true-up amounts for the period of January through December 2005.

2. Since the filing of Mr. Portuondo's August 9, 2005 testimony and exhibit, Progress Energy has revised its estimate of the 2005 estimated/actual true-up amounts to include: (a) actual fuel costs through July 2005 in order to derive more accurate projections of 2005 year-end true-up fuel and capacity recovery balances; (b) updated fuel price projections for the remainder of 2005 in light of continually increasing fuel prices; and (c) adjusted estimated incremental security costs reflecting the removal of an additional \$789,620 of base rate expenses that were inadvertently omitted in the original August 9, 2005 filing.

3. To ensure that the Progress Energy's fuel cost factors are based on the most recent and accurate information available, the Company seeks to file supplemental testimony and a revised Exhibit No. \_\_ (JP-1R) based on the revised 2005 estimated/actual true-up. This is consistent with, if not required by, the Commission's well established policy that a utility must

FPSC-COMMISSION OF ERK

inform the Commission of significant changes in projected fuel costs that have occurred subsequent to the preparation of its previously filed projections.

4. Counsel for Progress Energy has contacted counsel for Staff and intervenors and has been advised that Staff and FIPUG takes no position on the Company's motion at this time but reserve the right to do so later, and that OPC does not object to the motion.

WHEREFORE, Progress Energy respectfully requests that the Prehearing Officer grant the Company leave to file the revised testimony of Javier Portuondo and revised Exhibit No. \_\_ (JP-1R) proffered with this motion for consideration at the Commission's November hearing in this docket.

Respectfully submitted, this  day of September, 2005.
