The Bureau of Performance Analysis is in receipt of the above mentioned request submitted from FPL August 18, 2005. We have reviewed the audit workpaper information deemed "competitively sensitive" and "proprietary confidential business information pursuant to Section 366.093(3)(e), Florida Statutes". Staff agrees that the selected passages of the workpaper document are competitively sensitive and proprietary confidential because they include FPL vendor and contract term information that could be harmful if made available to others. Therefore, staff has removed the identified interview summary from electronic workpapers and will retain the original hard copy version of the information in the Commission Clerk's docket file for future staff reference. Only a redacted hard copy will be maintained in our audit workpaper file.
