Subject: Request Permission for Oral Modification to Item 17
Importance: High

Good afternoon,

Upon further consideration, staff requests to make the following oral modification to Item 17 at the October 4, 2005, Agenda Conference:

On page 8, Issue 2, under staff's recommendation statement, strike the second sentence which reads : "Staff also recommends that Issues 6, 13, and 20 be removed from further consideration in this proceeding as there is no live dispute that requires a resolution on these issues."

Also, on page 9, under the section entitled "Staff Analysis," second full paragraph, strike the sentence which reads : "Staff also recommends that Issues 6, 13, and 20 be removed from further consideration in this proceeding as there is no live dispute between the parties that requires resolution on these issues."

Both stricken sentences should be replaced with the following:

Staff has been notified that a number of issues have likely been resolved between the parties in this proceeding. Staff believes that the determination of whether certain issues have indeed been resolved in their entirety, and thus, should be removed from this proceeding, would be more effectively dealt with at the Prehearing Conference scheduled for October 19, 2005.

Thank you for your consideration. If you should have any question, please contact me.
