RE: Quarterly Report of Confidential Documents on File - By Responsible Division or Office

M. Lockard

Attached is a listing of all confidential documents currently on file where your division or office has been identified as the responsible division or office. Note the two columns to the right on the report are titled "retain" and "return". You should review the report and indicate by checking one or the other column whether the document should remain at the Commission or be returned to its source.

While some of the documents on the list may be duplicative of those in a separate report of confidential documents in closed dockets that you will receive, you should mark both reports and return both to my attention.

Please call me or Kay Flynn if you have any questions about this report.
