Service Description:

ABN Intrastate Outward-Bound/Inward Bound InterLATA calls have been reduced. AT&T Business Network Service (ABN) is a custom network service that permits outward and inward calling Customer stations located in the state of Florida. AT&T Business Network Service allows the Customer to integrate their long distance, including directory assistance, card and local usage. ABN service is provided via a term plan contract which includes a term and revenue commitment as described in AT&T's business services guide. Network connection call rating allows AT&T Business network service calls to be differentiated and rated based on the access arrangement ordered by the customer.
