030696-77

Ray, I have assigned Company Code **TK034** to 9278 Communications, Inc. per your request, so that the settlement payments can be recorded. I used the effective date as you requested of 11-1-05. I will be on the lookout for the registration form to be filed, but would appreciate you backing me up so that we **DO NOT** assign another code. I am placing a copy of your e-mail in docket 030696-TI, for a document number to be assigned, then we will have a record of why the company code was assigned prior to the registration form being filed. Thanks, Nonnye

Nonnye,

Per our conversation, we need a company code assignment for an IXC. It is related to Docket No. 030696-TI. For your purposes, here is the information:

Name: 9278 Communications, Inc.
 Address for location and mailing: 1942 Williamsburg Road
 Bronx, New York 10461

Contact/Liaison: Sajid Kapadia, CEO

Phone No: 718-887-9278

Fax No: 718-792-5130

E-mail: Unknown

Website: 9278.com

Effective Date: 11/01/2005

The company will be filing a registration. When the registration comes in, please do not assign another company code. We will be vigilant to help you catch this as well. The reason we need a company code now is to be able to enter 2003 and 2004 RAF payments. The company was operating without registration and that was the purpose of Docket 030696-TI.

CMP We have now settled with the company and a registration should be coming in in the next week or two.
