DOCKET NO. 050001-EI
ORDER NO. PSC-05-1077-CFO-EI
ISSUED: November 2, 2005

ORDER GRANTING REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 08587-05)

On September 9, 2005, pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Florida Public Utilities Company (FPUC) filed a request for confidential classification of portions of Exhibit CMM-4 to the prepared direct testimony of FPUC witness Cheryl M. Martin, filed on September 9, 2005 (Document No. 08587-05).

Section 366.093(1), Florida Statutes, provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from [the Public Records Act]." Section 366.093(3), Florida Statutes, defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), Florida Statutes, provides that proprietary confidential business information includes, but is not limited to "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information" (subsection e).

FPUC contends that portions of Exhibit CMM-4 to the prepared direct testimony of Ms. Martin fall within this category and thus constitute proprietary confidential business information entitled to protection under Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code. FPUC states that this information is intended to be and is treated by FPUC as private and has not been publicly disclosed.

FPUC states that it is currently accepting, reviewing, and analyzing proposals for purchasing power from providers to take effect when its current purchased power agreements terminate on December 31, 2007. FPUC asserts that in anticipation of a sharp increase in power costs and the fuel adjustment factor, it has included a surcharge in the current fuel factor that is intended to mitigate the effects of the increase to customers. FPUC states that certain information in Exhibit CMM-4 reflects the effects of the surcharge and collections. FPUC asserts that it is reviewing proposals and intends to negotiate with one or more responding parties in order to develop a contract for power purchases on the most favorable terms as it can. According to FPUC, disclosure of projections, analysis, expectations and similar data used internally would impair these efforts and cause harm to the ratepayers and to the company's operations.

FPSC-COMMISSION CLERK

Upon review, it appears that the above-referenced information contained in Exhibit CMM-4 to Ms. Martin's prepared direct testimony satisfies the criteria set forth in Section 366.093(3), Florida Statutes, for classification as proprietary confidential business information and, thus, shall be treated as confidential. The information constitutes "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information." Thus, this information is granted confidential classification.

Pursuant to Section 366.093(4), Florida Statutes, the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), Florida Statutes, unless FPUC or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Rudolph "Rudy" Bradley, as Prehearing Officer, that Florida Public Utilities Company's Request for Confidential Classification of Document No. 08587-05 is granted. It is further

ORDERED that the information in Document No. 08587-05 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Rudolph "Rudy" Bradley, as Prehearing Officer, this
2nd day of November, 2005.

This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility.
