SCR _____
SGA _____
SEC _____
OTH _____

- 1. ORDERED that Tymber Creek Utilities shall complete any and all improvements to the system that are necessary to satisfy the standards set by the Florida Department of Environmental Protection within nine months of the Consummating Order.
- 2. ORDERED that a local emergency phone number shall be updated and be posted at the plant and at each lift station. The emergency phone number shall be posted at all locations no later than 90 days from the date of the Consummating Order for this rate case.
- 3. ORDERED that Tymber Creek Utilities shall complete the pro forma plant items approved in this Order within nine months from the date of the Consummating Order.

The following are the pro forma improvements required by this Order:

- Automatic samplers at plant,
- Effluent outfall valve replacement at pond area,
- Renewal of the wastewater permit expenses,
- Ground water monitoring expenses,

This order further indicated that the docket could be closed administratively upon Commission staff's verification that the pro forma plant improvements had been made.

According to TCU's letter dated October 27, 2005, and the invoices provided to staff, the utility completed all pro forma plant improvements as required by this Order. The staff engineer verified that all pro forma plant improvements have been met. Therefore, pursuant to the Commission order, the docket may be closed administratively.
