COMMISSION  
CLERK

Director;

Please file this objection as necessary to comply with the appropriate rules.

I seriously object to the addition of territory to MSM utilities, LLC water certificate No. 611-W and wastewater certificate No. 527-S.

I do not feel that MSM utilities should have the right to force upon us their water and sewer. After all, they just bought this property and knew that they did not have enough resources to support their present system. We own our streets and have individually paved to maintain them even to the extent of resurfacing them with blacktop.

GCL   1  

I also object to MSM Utilities, LLC. (A private development company) attempting to force me, thru state intervention, to underwrite their cost of further developing the property, which at this time is under the jurisdiction of the two aforementioned water certificates.

OPC \_\_\_\_\_

The property owners in this area have suffered Financially because of the hurricane last year. This annexation would add significant cost to these properties and more tax liability.
