Gentlemen:

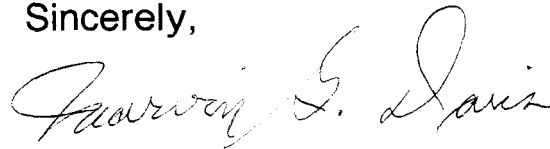

Please be advised that this letter is written as an objection to the addition of territory to MSM Utilities, LLC water certificate number 611-W and wastewater certificate number 527-S,

As property owners in the proposed additional territory (29192 Edgewood Street, Punta Gorda, FL. 33982), we presently have adequate water supply and are very satisfied with our system. We do not want to incur additional expenses that would be charged to us by the addition of the above proposed system.

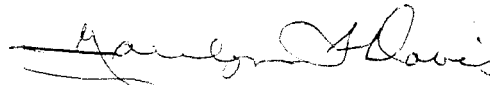

Please file this objection to the proposal which MSM Utilities, LLC is presenting for your approval.
