Florida Public Services

COMMISSION  
CLERK

RE. Section 367.045 Florida Statutes

Regarding the application of MSM utilities LLC to amend its water certificate NO 611W and wastewater certificate NO. 5275

The object to the application filed and we do not want to be involved nor do we want any part of the water and waste amended certificate.

The legal notice does not have an attorney name nor did any one sign it. Certificate is vague and does not explain anything to us as property owners. It appears to us that the only people to profit is MMS utilities LLC, who ever they are.

We had a new septic tank installed because of hurricane Charley, which is bigger than we will ever need because of Charlotte County's new rule and our well has nothing wrong with it.

our Answer is NO!!
