Director of Commission Clerk and Administrative Services

Florida Public Service Commission

2540 Shumard Oak Blvd.

Tallahassee, Fla - 32399-0850

Director:

I would like to be my objection to the

Utilities L&C water certificate No 6111 and water

certificate 5275.

The objection to include from their Subdivision. This
water park is privately owned, private property, private roads
a year ago we paved these roads paying thousands of
dollars because these roads were private.

After hearing Charles Craig 13-2004 many of us
had to upgrade our public systems, put in new water pumps
we complied with all state and county standards.

If the main developers, who purchased large blocks of
land want public and water systems, they should build
it for their own benefit - just leave us out of it, we
have never ask to be included.

Within the last year, property taxes have gone
up - Most of us have no means or if it possible
just we cannot afford it - We are being driven out.

We cannot afford to support some large corporations
who want to put in water and sewer, have us help
pay for it, so they can sell lots and make millions.
