Dear ;

Thank you for taking the time to respond to the Legal Notice regarding our application to the Public Service Commission for expansion of our service territory.

Please be advised that as a publicly regulated utility, we cannot compel anyone to connect to our water or wastewater system. Expansion of our territory merely allows us to offer the utility to anyone in the area that wants to connect to our system. Those homeowners who do not want the service are under no obligation to connect to the system nor would we be under obligation to supply the service to every homeowner requesting the service.

If you have any further questions, please do not hesitate to contact us at 239-444-1444.

Respectfully,

Ben J. Maltese
