Tallahassee, Florida 32399-0850

To whom it may concern,

In response to MSM Utilities, LLC's Application to Amend its  
Water Certificate # 611-W & Waste Water Certificate # 527-S

Pursuant to Section 367.045

We have no interest in connecting to any water or sewer  
system proposed by developer Gen Mattesi or anyone else.

Our present system (less than 5 years old) serves us  
very well. We do not wish to pay for something that  
we already have a large investment in.

CMP Thank You.
