RE: Docket No. 050866-TC – Application for certificate to provide pay telephone service by Ninetel, Inc.

November 14, 2005, staff received an application for certificate to provide pay telephone service by Ninetel, Inc. along with the application fee. After reviewing the application, staff determined that the application was incomplete and contacted the company. Staff was later informed that the company plans to provide prepaid calling card services and that the application for certificate to provide pay telephone services was submitted in error. Since the application was submitted in error and Ninetel, Inc. does not plan to provide pay telephone services in Florida, the application fee should be refunded to the company.

Pursuant to APM 2.07-C(2)(d)(4), since no action is needed from the Commission, please close this docket.
