5 (2) Pay telephone stations shall be lighted during the hours of darkness when light
6 from other sources is not adequate to read instructions and use the instrument.

7 (3) Each pay telephone station shall return any deposited amount if the call is not
8 completed, except messages to a Feature Group A access number.

9 (4) Each pay telephone station shall permit direct free access to the universal
10 telephone number "911" where operable.

11 (5) Each pay telephone station shall permit direct free access to dialtone.

12 (6) Each pay telephone station shall permit direct free access to toll free numbers
13 (e.g., 800, 877, and 888).

14 (7) Each pay telephone station shall complete calls to local and long distance

16 (8) Each pay telephone station shall complete calls to the responsible party for

21 and certificate number of the certificate holder, the party responsible for repairs and refunds,

1 announcement 30 seconds prior to termination of the phone call.

2 (10) Each pay telephone station that provides access to any interexchange company
3 shall provide coin free access, except for Feature Group A access, to all locally available
4 interexchange companies. The pay telephone station shall provide such access through the
5 forms of access purchased by locally available long distance carriers such as 10XXX+0,
6 10XXXX+0, 101XXXX+0, 950, toll free (e.g., 800, 877, and 888) access.

7 (11) No sales solicitation shall be allowed during the interval between the last digit
8 dialed by the end user and connection with the interexchange carrier.

9 (12) All 0- calls shall be routed to a telecommunications company that is authorized
10 by the Commission to handle 0- calls. All other calls, including operator service calls, may be
11 routed to the pay telephone provider's carrier of choice, unless the end user dials the
12 appropriate access code for their carrier of choice, i.e., 950, 10XXX, 10XXXX, 101XXXX,
13 and toll free access (e.g., 800, 877, and 888).

14 (13)(a) Each pay telephone station shall allow incoming calls to be received at all
15 times, with the exception of those located at hospitals, schools, and locations specifically

17 (b) A pay telephone provider may petition the Commission for an exemption from
18 the incoming call requirement for a period that shall not exceed two years from the effective
19 date of the Order granting the exemption. Requests for exemption from the requirement that
20 each pay telephone station allow incoming calls shall be accompanied by a completed Form
21 PSC/CMP-2 (02/99), entitled "Request to Block Incoming Calls," which is incorporated into
22 this rule by reference and may be obtained from the Commission's Division of Competitive

1 incoming calls being received at the specified pay telephone. A separate form shall be filed for

7 of law enforcement."

8 (14) Each pay telephone station must be connected to an individual access line.

9 (15)(a) Each pay telephone service company shall permit outgoing calls to be placed
10 from its pay telephone stations at all times.

11 (b) Each pay telephone service company shall make all reasonable efforts to
12 minimize the extent and duration of interruptions of service. Service repair programs should
13 have as their objective the restoration of service on the same day that the interruption is
14 reported to the company. (Sundays and holidays excepted.)

15 (16)(a) Where there is a single pay telephone station, a directory shall be maintained at
16 each station. Where there are two or more pay telephone stations located in a group, a
17 directory for the entire local calling area shall be maintained at every other station. However,
18 where telephone pay stations are fully enclosed, a directory shall be maintained at each pay
19 telephone station. For purposes of this rule, the term "directory" shall mean both a current
20 white page directory for the local calling area and a reasonably current yellow page directory
21 that is appropriate for the calling area of the pay telephone station.

4 ADA Accessibility Guidelines for Buildings and Facilities, Appendix A to 28 CFR Part 36,

6 does not apply to public text telephone and closed circuit telephones.

7 (b) Pay telephones shall not be installed where the required "clear floor or ground
8 space" provided for in ADA Accessibility Guidelines for Buildings and Facilities sections
9 4.2.4.1, 4.2.4.2, and 4.31.2 would be reduced by a vehicle parked in a designated parking

12 the duration of the call.

13 (20) Toll Fraud Liability.

15 exchange telecommunications services shall not collect from a pay telephone provider for
16 charges billed to a line for calls that originated from that line through the use of access codes
17 such as 10XXX, 10XXXX, 101XXXX, 950, and toll free (e.g., 800, 877, 888) access codes, or

from existing law.

1 (c) Any calls billed through the provider of local exchange telecommunications
2 services or directly by an interexchange company, or through a billing agent, which have been
3 identified as not collectible as described in paragraphs (20)(a) and (b) above, must be removed
4 from any pay telephone provider's bill after the pay telephone provider gives notice of the
5 fraudulent charges to the billing party. Pay telephone providers shall give such notice to the
6 provider of local exchange telecommunications services and the interexchange company in
7 writing no later than the due date of the bill.

8 (d) The provider of local exchange telecommunications services is responsible for
9 charges described in paragraph (20)(c) that are associated with the failure of the provider of
10 local exchange telecommunications services' screening services.

11 (e) The interexchange company is responsible for charges described in paragraph
12 (20)(c) that are associated with the failure to properly validate calls via the appropriate
13 provider of local exchange telecommunications services' data base.

14 (f) Definitions: For purposes of subsection (20) the term "Effective Date" shall
15 mean the date after the call screening order was placed and associated charges apply.

16 (g) Any charges accrued to a line when the subscriber has subscribed to the
17 provider of local exchange telecommunications services to screen calls described in
18 paragraphs (20)(a) and (b) above shall not be the basis for discontinuance of local and
19 intrastate service.

20 (21) Providers serving confinement facilities shall provide for completion of all
21 inmate calls allowed by the confinement facility.

22 (22) Pay telephone stations located in confinement facilities shall be exempt from
23 the requirements of subsections (2), (4), (6), (7), (8), (10), (12), (13), (15), (16), and (19) of
24 this rule. Such pay telephone stations shall also be exempt from the requirements of subsection
25 (9), except that outgoing local and long distance calls may not be terminated until after a
