Re: Rule Development Workshop for an Undocketed Rulemaking to
Implement Section 1254 of the Energy Policy Act of 2005

Dear Ms. Bayo:

Pursuant to the notice of the above noted workshop, this letter is in response to the Commission's request that participants in the workshop file an outline of their presentations, the approximate time for the presentation and the presenter's name. Tampa Electric Company, Florida Power and Light Company, Gulf Power Company and Progress Energy Corporation (the four IOUs) intend to participate in the workshop and sponsor or jointly make a presentation on the background, application and considerations of the Institute on Electrical and Electronics Engineers (IEEE) Standard 1547 for the Interconnecting of Distributed Resources with Electric Power Systems. The presentation is expected to take one hour. At this time, a decision has not been made as to who will make the presentation. When that decision is made, the Commission will be informed.

If you need further information, please let me know.

Sincerely,

James D. Beasley
