Re: North Fort Myers Utilities, Inc.; Wastewater Agreement - Enclaves of Eagle Nest
Our File No. 16319.29

Dear Ms. Bayo:

Pursuant to 25-30.550, Florida Administrative Code, enclosed is a copy of a Wastewater Agreement entered into between North Fort Myers Utilities, Inc., and GFY Associates, LLC, a Florida limited liability company, and Enclaves of Eagle Nest, LLC, a Florida limited liability company, to provide wastewater service to Enclaves of Eagle Nest. NFMU's wastewater treatment plant has a permitted capacity of 3.5 mgd. The current treatment plant connected load is approximately 1.2 million gallons a day and this Wastewater Agreement is for 89,525 gallons a day. There is sufficient capacity in NFMU's existing plant to provide wastewater service pursuant to this Wastewater Agreement. This Wastewater Agreement will have no noticeable impact on the Utility's rates due to the amount of demand being placed on the NFMU wastewater system, and resultant revenues.
