Re: Focused Utility Pole & Vegetation Management Review
November 2005 – February 2006

Dear Mr. Coston:

Attached are Verizon Florida Inc.'s (Verizon) supplemental responses to question nos. 8, 10, and 12 in the above-referenced audit. Verizon considers revised attachments 7 and 8 to be proprietary and requests appropriate treatment thereof pursuant to Section 364.183(1), Florida Statutes and Rule 25-22.006(3) & (4). A sealed envelope containing the confidential documents is attached together with the Company's Notice of Intent. Verizon understands the information must be kept confidential until returned to the Company.

These supplemental responses further demonstrate that Verizon's approach of integrating pole inspection and maintenance into the daily work activities of its employees has proven to be effective and successful.

If you require additional information, please do not hesitate to contact me at 850-224-3963 or Frank App at 813-483-2521.

Sincerely,

CMP responses forwarded to CMP
