It is going to be similar to the XO Florida merger-reorganization we just did. Forward it to Ray Kennedy. I have given him the copy I got.

Tommy, we received a letter today for these companies concerning a reorg etc. It looks like from the descriptions that a name change may be involved, or maybe a cert cancellation?

I see you were copied on the letter. Please take a look at your copy and let me know asap if this should be docketed and if so for what action.

Thanks!

Kay

Beth, I'm finally getting to a response on this e-mail.

While breaking the one docket into two (or more?) so administrative handling can be given where needed may seem somewhat inefficient, I do think it should be done. If we put the docket as is on the agenda, I don't believe we can put it in the consent; we'd have to put it in the regular part and include some explanation in the rec about what parts are going to be done administratively (i.e., not in the order), etc.

Unless we come up with some kind of hybrid docket process for these situations where more than one type of cert is involved (and one is IXC meaning it's normally adm.) I think we will need to continue separating into multiple dockets.

What is your opinion?

Kay

From Records perspective, could this be a consent item? I have my opinion, but I'm real curious what you think. Is there a way to do consent and administrative processing under the same docket?

Ray suggested I contact you. I was assigned Docket 041168-TP. The title is:

Request for cancellation of CLEC Certificate No. 5754 and for acknowledgment of cancellation of IXC Registration No. TJ186 held by NewSouth Communications Corp., and for name change on CLEC Certificate No. 5638 and IXC Registration No. TJ092 from NuVox Communications, Inc. to NuVox Communications, Inc. d/b/a NuVox Communications, Inc. and NewSouth Communications Corp. will be merged into NewSouth Holdings, Inc., effective December 31, 2004.

I had asked how to handle since IXC cancellations and name changes are handled by memos to the docket file and CLEC cancellations and name changes are on consent and orders are issued. Tommy Williams said he would have made this request into four dockets. That does not seem efficient to me, but will let it be your call. The way I've done the sample Consent rec attached, which is just a suggestion, deals with all five requests (one stop shopping). Another concern may be that the Order would be issued PAA (I think) and although I can't imagine why, what if the IXC portion is protested?

This is not ready to file or anything (I haven't even filed the CASR yet), but wanted Legal's opinion since I guess a special order would have to be written to cover everything requested. Let me know what you think. Thanks.

Paula, I have your memo with the changes to the NewSouth/NuVox dockets. Is it okay to word the title a bit differently, not mention "merger" and include "approval" as in:

Request for approval of transfer of .....

Rather than:

Request for merger and transfer of.....
