Re: Docket No. 050209-TI

Dear Mr. Coello:

This will acknowledge receipt of an acknowledgment of name change on IXC Registration No. TJ866, effective March 29, 2005, from US Telecom Group, Inc. to Iconnect Wholesale, Inc., which was filed in this office on March 29, 2005, and assigned the above-referenced docket number. Appropriate staff members will be advised.

Mediation may be available to resolve any dispute in this docket. If mediation is conducted, it does not affect a substantially interested person's right to an administrative hearing. For more information, contact the Office of General Counsel at (850) 413-6248 or FAX (850) 413-7180.

Toni, pls call Raquel abt the money we got from this company today, and let her know what to deposit.
(This is per your conversation with Ray.)

Also, Toni, we know now how to file these apps from Iconnect. Once you see them, pls send us docket title changes for 050209 and 050210.....life would have been good if they had just referenced those docket numbers!

Thanks to all.

Ray, we received a filing this morning from ICONNECT. Apparently they included a check as well. We're not at all sure what they are trying to do with this filing (kind of a combo IXC and CLEC transfer or something)....bottom line, can you pls take a look at it, and maybe call them for clarification?

Raquel, if you got a check from ICONNECT, please hold off a little while on depositing it, till we get word from Ray.

Thanks!

Toni, can you please file a revised CASR to add the administrative order so we will have an official revision? We then will be able to place a copy in the docket file. We had the order in CMS before, but we did not have anything in the file to indicate the change since there was no official revised CASR filed. It was kind of confusing with the file and CMS showing different events.

Thanks!

Toni, thanks for the clarification. As we discussed, while the APM doesn't state IXC registrations can be denied administratively, the intent is there. It will be appropriate to deny by administrative order.

I'll get with Ray and GCL on having the APM updated to address IXC denials.

Thanks.

(Hong, also, I realized that \$250 filing fee should have been put in Docket 050210-TX, so I moved it. It's no longer a concern.)

Hi Kay,

Ray is out of the office for the next week.

The APM allows for certificate denials with an Administrative Order after an Administrative Memo.

Legal clarified that the IXC registration could be denied with a memo as well rather than taking the denial to Agenda since it was denied for an incomplete registration form and the certified letter to the company was returned to the PSC unsigned.

What we weren't clear on was whether an Administrative Order was necessary for the IXC since we register the companies with a simple memo. When Hong noticed we missed filing one, we gave it more thought.

We did file one in a related docket for the same company in 050210-TX and that docket was closed.

I hope I have clarified it more for you.

Toni

Thanks, Hong.

Toni and Ray, I tried to find a similar situation but apparently we haven't denied any other IXC registrations. I did find Docket 031034-TI, however, with this action:

Finding of insolvency cancellation by Florida Public Service Commission of IXC Registration No. TJ590 issued to VirtualCom, Inc.
for violation of Section 364.336, Florida Statutes.

That docket actually went through the PAA process, agenda, etc.

I completely agree an order needs to be done at the very least, but I'm concerned an administrative order may not be "enough." Would it be appropriate to take it to agenda as PAA?

Kay

Hong,

After talking with Ray Kennedy, he believes an Administrative Order is necessary to close a denied IXC registration. How would the company know we denied them without an Order they could protest.

I spoke with Kira and she agrees that is the best route as well. That memo isn't strong enough for a denial seems to be the consensus.

Kira is going to complete one and we hope to file it as soon as it is signed off on in our Divisions.

I guess you need to put that Administrative Order event back now.

I apologize for the confusion, this is the first IXC denial we have ever processed since the new rules changed regarding IXC registration versus certification.
