Blanca Bayo, Director
Division of Commission Clerk and Administrative Services
Public Service Commission
Capital Circle Office Center
2540 Shumard Oak Blvd
Tallahassee, Fl. 32399-0850

Dear Director Bayo:

Reference : Docket No. 050018-WU, Order No. PSC-06-0015-FOF-WU Issued 01/04/2006

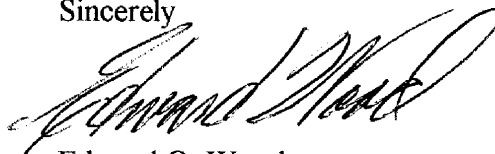

I wish to request reconsideration of the subject order.

I believe the Public Service Commission issued an order with very little consideration for the rights of the customers involved. I am a party of interest in this docket. I am also an Aloha customer in the Seven Springs Area. The request of Aloha to receive reimbursement for the cost of preparing a non-binding capital cost estimate for installation of the anion exchange treatment facilities at several of the Aloha water plants is outrageous.

After, having reviewed the Aloha proposal I believe requesting and granting \$45000.00 for such a frivolous recommendation is ludicrous. Any competitive company would not accept such a charge from any of its vendors required to make changes to have an acceptable product. How can you classify it as a conceptual analysis with a +/- 30% error possibility. At the cost requested, there should have been no possible variance to the final cost. The quote itself could have been written by any one with little or no knowledge of the subject, and arrive at a similar estimate with a lesser percentage of error.

This is and has been Aloha's approach over the past decade to come in with wild estimates of cost and legal smoke screens to get what they want from the State of Florida. The State of Florida created this monopoly and has done nothing to protect the citizens. It is time for the State to fulfil its obligation, and protect its citizens from this unscrupulous company.

Sincerely

Edward O. Wood
