RE: Errata to January 26, 2006 Staff Recommendation in Docket No. 041269-TP, Petition to Establish Generic Docket to Consider Amendments to Interconnection Agreements Resulting from Changes in Law, by BellSouth Telecommunications, Inc. (February 7, 2006 Agenda Conference, Item 13) *MS*

Listed below are the errata to the January 26, 2006 staff recommendation in this docket. The errata consist of three revisions of a clarifying/supplemental nature and are being provided in advance for convenience. In addition, these revisions will be made verbally at the Agenda Conference.

Issue 2

p. 37, Recommendation Statement; p. 39, Conclusion:

In first sentence, insert "TRO and" before "TRRO"

In last sentence, insert "approving the amendment or agreement" after "order"

Issue 22

p. 150, First Paragraph

After last sentence, insert the following footnote:

While the issue of "greenfield" FTTH deployment was also addressed in Docket No. 040156-TP, no party indicated that there was any conflict with the FCC's DS1 and DS3 loop unbundling rules. Since there was no identified interrelationship between the unbundling exclusion for "greenfield" FTTH loops and required unbundling for DS1 and DS3 loops in Docket No. 040156-TP, both were handled as separate sections for purposes of the interconnection agreement.

If you have an questions regarding the errata, please call Sally Simmons at 413-6605, or Laura King at 413-6588.
