RE: Georgia Public Web, Inc. (TJ587)
Florida PSC Order No. 030961-TL

Dear Commission:

By letters dated August 9, 2005 (IXC Filing Requirements Letter) and January 13, 2006, the Commission notified Georgia Public Web, Inc. (GPW) of certain filing requirements to be fulfilled by IXC's as a result of the above-referenced Order. Please be advised that GPW hereby attest that it pays zero (0) intrastate switched access charges to ILEC's in Florida. Accordingly, it is GPW's understanding that GPW has no pass through requirements or tariff filing requirements as a result of the Order. Please advise the undersigned if this understanding is incorrect.

I regret not responding to the initial August 9, 2005 letter, but it appears I did not receive the letter due to additional information needed on the Master Commission Directory of Regulated Utilities which I have provided. Thank you for your assistance and consideration in this matter.

Very truly yours,

Robert J. Middleton, Jr.
