Dear Director Bayo:

Reference : Docket No. 050018-WU,

Dear Director Bayo:

I am submitting this letter as a protest to the Memorandum Issued on March 13, 2006 by the staff regarding the referenced Docket.

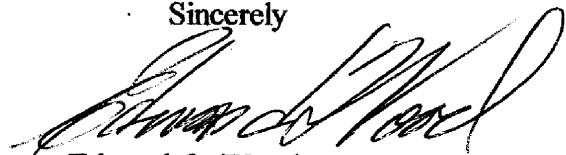

The information regarding Mr. Wood an Intervenor is totally without merit since no member of the staff contacted said Intervenor to find out what his position is in this docket. The findings are either fabricated or hear say. The only party in Tallahassee who contacted Mr. Wood to find out anything about his position was Mr. Rielly of the Office of Public Counsel. Mr. Reilly was given some specifics that are not included in the agreement that causes Mr. Wood's position of not being for the Agreement.

If this error exists in the document how many other unsupported facts have been presented?
