Melinda, I had a chance finally to "study" both of these filings. I will make the changes you requested. I will also add the CLEC cert numbers and IXC registration numbers to each docket's title.

Kay,

Since Docket No. 060167-TP involves the transfer of both CLEC and IXC customers, the docket title should be changed to the following (the additional language is in italics):

Joint petition of Sprint Communications Company, Limited Partnership and Sprint Long Distance, Inc. for waiver of Rule 25-4.118, F.A.C., Local, Local Toll or Toll Provider Selection to allow transfer of certain Sprint Communications Company, Limited Partnership local *and long distance* customers to Sprint Long Distance, Inc.

Thanks,

Melinda

Kay,

I have reviewed the filings for the above dockets, and it appears that the docket characteristics are reversed or ncorrect. I will explain.

As it stands, the suffixes for the dockets are -TP for 060142 and -TX for 060167. Docket 060142 is for transfer of

long distance customers only, so it should be 060142-TI. The first paragraph of the petition references Sprint's local service territory, but only because the long distance customers in those areas are affected by this transfer. Docket 060167 is for transfer of both local (CLEC) and long distance customers, and it should be 060167-TP.

The company codes associated with each docket are also incorrect. The current assignment is as follows:

<u>060142</u>	<u>060167</u>
TG057	TX045
TI793	TX866
TK001	
TX045	
TX866	

They should be:

<u>060142</u>	<u>060167</u>
TI793	TX045
TK001	TX866
	TI793
	TK001

Thanks.
