Lake Wales, FL 33859

April 11, 2006

RE: Park Water Well Meter

TO: Gerald Edwards.FPSC

Park Water Company had its 6" well meter for gallons pumped from its two wells fail February 1, 2004. We have since replaced the water meter and determined that for the period including February 1, 2004 until current the meter had been reading approximately 29 percent low. This number was determined by the installation of a new 6" water meter installed after the old meter and then readings compared from the old and new meter.

Sincerely,

A handwritten signature in cursive script that reads "Anthony Staiano".

Anthony Staiano

Corrected Gallons Sold Schedule F-9

Schedule F-9**Corrected Gallons sold for the year 2000 through 2004**

Year	(6)SFR Gallons sold	Total Gallons Sold
2000	52,338	84,864
2001	49,480	78,141
2002	51,867	82,430
2003	47,990	79,672
2004	51,030	83,553

These numbers are directly from our billing software as of 3/29/2006. I cannot explain the discrepancy in the numbers reported on the annual reports. The reports used to derive the errant numbers must have had erroneous date range or account range inputs.
