Marguerite:

Document no. 03059-06, filed April 4, 2006, may be declassified and sent to the docket file. This document is FPL's response to staff's 2004/2005 storm cost audit reports, both the initial and the supplemental report.

Document No. 03254-06, filed April 11, 2006, alerts the Commission that FPL's audit response will be public, and in addition, Document No. 03254-06 places a full copy of the FPL's audit response in the public record.

I have read documents 03254-06 and 03059-06 concerning the FPL audit response. The two copies of FPL's audit response are identical.

There is no need to keep Document No. 03059-06 classified.

Denise,

FPL has filed a letter (see attachment) withdrawing its 4/4/06 notice of intent to request confidential classification for Confidential Document No. 03059-06, and has an attached copy of this document, non-redacted.

Is it OK to declassify this document and place in the public docket file ?

Marguerite.
