Dear Director Bayo:

Reference : Docket No. 050018-WU,

Dear Director Bayo:

I am submitting this letter as a motion for reconsideration of Order No. PSC-06-0270-AS-WU issued on April 05, 2006

I have am a current customer of Aloha Utilities and also an intervenor in Docket 050018 WU. As I had previously submitted the information that was submitted to the Commission regarding Mr. Wood's objection in the staff recommendation was totally inaccurate. Yet the Statement That Mr. Wood believes that the Commission should move forward with the deletion of a portion of Aloha's territory is unfounded. No one from the PSC Staff contacted me regarding my position, therefore this statement has been fabricated or hearsay.

I question, if this is true of the Staff Recommendation, how much of the other information fed to the Commission falls into the same category. The only party in Tallahassee who contacted Mr. Wood to find out anything about his position was Mr. Rielly of the Office of Public Counsel. Mr. Reilly was given some specifics that are not included in the agreement that caused Mr. Wood's position of not being for the Agreement. Nor did any of these appear in any Staff Recommendation as released.

Sincerely

Edward O. Wood
