DOCKET NO. 060001-EI
ORDER NO. PSC-06-0316-CFO-EI
ISSUED: April 20, 2006

ORDER GRANTING REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 01793-06)

On March 1, 2006, pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Progress Energy Florida, Inc. (PEF) filed a request for confidential classification of Exhibit AWP-1 and portions of the prepared direct testimony of PEF witness Albert W. Pitcher, filed March 1, 2006 (Document No. 01793-06).

Section 366.093(1), Florida Statutes, provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from [the Public Records Act]." Section 366.093(3), Florida Statutes, defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), Florida Statutes, provides that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" (subsection d); and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information" (subsection e).

PEF contends that the prepared direct testimony and Exhibit AWP-1 of PEF witness Albert W. Pitcher fall within these categories and thus constitutes proprietary confidential business information entitled to protection under Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code. PEF states that this information is intended to be and is treated by PEF as private and has not been publicly disclosed.

PEF contends that the information contained in Exhibit AWP-1 and on Page 6, Lines 5, 6, 8, and 17-20 of Mr. Pitcher's prepared direct testimony includes pricing information for coal purchases by PEF's affiliate, Progress Fuels Corporation (PFC). PEF asserts that disclosure of this information would provide coal suppliers with knowledge of prices that PFC has paid and expects to pay for coal. PEF states that this knowledge would give suppliers a significant competitive advantage in future negotiations because they would no longer need to make their best offers to ensure the competitiveness of their rates against the disclosed prices or forecasts. According to PEF, disclosure of the information would impair the efforts of PEF and PFC to contract for goods or services on favorable terms.

PEF contends that the information contained on Page 12, Lines 8-10, 13, 18, and 23, and Page 13, Lines 1 and 3 of Mr. Pitcher's testimony includes costs which are the results of PFC's evaluation of bids received in response to PFC's solicitation in August/September 2004. According to PEF, disclosure of this information would impair the efforts of the company to contract for goods or services on favorable terms.

Upon review, it appears that the above-referenced information contained in Exhibit AWP-1 and the prepared direct testimony of PEF witness Albert W. Pitcher, satisfies the criteria set forth in Section 366.093(3), Florida Statutes, for classification as proprietary confidential business information and, thus, shall be treated as confidential. The information constitutes "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information." Thus, this information is granted confidential classification.

Pursuant to Section 366.093(4), Florida Statutes, the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), Florida Statutes, unless PEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Matthew M. Carter II, as Prehearing Officer, that Progress Energy Florida, Inc.'s Request for Confidential Classification of Document No. 01793-06 is granted. It is further

ORDERED that the information in Document No. 01793-06 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Matthew M. Carter II, as Prehearing Officer, this 20th
day of April, 2006.

MATTHEW M. CARTER II
Commissioner and Prehearing Officer

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility.
