Dear Ms. Baño:

ICG Telecom Group, Inc., a wholly owned subsidiary of ICG Communications, Inc., ("ICG"), intends to discontinue regulated telecommunication operations in Florida.

ICG was previously granted an Alternate Access Vendor Certificate (Company Code TA017, Docket No. 970321) and an Interexchange (IXC) Telecommunications Certificate (Company Code TI347, Docket No. 950022). ICG, however, provides no regulated telecommunications services, has no customers of regulated telecommunications services, and has no facilities in the state used to provide regulated telecommunications services in Florida. Effective immediately, ICG seeks to voluntarily surrender its certificates and to cancel all tariffs in effect in Florida. Because ICG has no customers of its regulated telecommunications services in Florida, no notice is required.

Enclosed are the 2006 regulatory assessment fees for ICG's Alternate Access Vendor Certificate (TA017) and its IXC registration (TI347). All other assessment fees are up to date.

Thank you for your prompt attention to this matter. Please feel free to call me or Thor Nelson at 303-290-1601 if you have any questions or require additional information.

Very truly yours,

Scott E. Beer
