Comments

12. Have you experienced any significant barriers in entering Florida's local exchange markets? Please list and describe any major obstacles or barriers encountered that you believe may be impeding the growth of local competition in the state, along with any suggestions as to how to remove such obstacles.

Yes, we experienced barriers because the big companies knows that they have the control of the services, in the case of the resellers, like us, they take advantages of their positions and it is caused inconvenient to the small companies. Right now we have a big dispute with Bellsouth and this problem caused hig inconvenienta as a small corporation.

13. Please provide any additional general comments or information you believe will assist staff in evaluating and reporting on the development of local exchange competition in Florida.

We want to continue with the dispute that we have with Bellsouth in this form show to Florida Public Service Commission the damages that the big companies can do to the small corporation.
