Re: Year 2006 Local Competition Report Data Request
Data as of May 31, 2006
Responses Due by July 14, 2006

Dear Sir or Madam:

Chapter 364, Florida Statutes, contains the framework the Commission uses for regulation of the telecommunications industry. As a result of certain amendments made to the chapter during the 1995 legislative session, the Commission has a statutory mandate to prepare and deliver an annual report to the Governor and the Legislature on the status of competition in the telecommunications industry.

In order to meet this legislative mandate, we must gather data from the industry. The attached data request will help us evaluate the status of local competition in Florida. If your company holds a certificate but is not currently active in the marketplace, you may simply check the box on the previous page and return it. However, please note that there are sections of the questionnaire to which you may respond, such as comments regarding Florida's marketplace and entry barriers. If your company is currently active in the marketplace, you must respond to the attached data request (questionnaire, exchange check list, and any applicable tables).

Significant Changes to the Data Request This Year

- Line counts must be made by ILEC territory, not by ILEC exchange;
- All CLECs must complete an Exchange Check List indicating, by ILEC exchange, if they offer residential or business service; and
- For the first time, VoIP lines are to be provided separately from non-VoIP lines (data tables).

Potential Penalties For Noncompliance

In order to meet our statutory obligations, it is essential that we obtain this information in a timely manner, as required by Florida Public Service Commission Rule 25-4.043, Florida Administrative Code, Response to Commission Staff Inquiries. Failure to comply with this rule may result in the Commission assessing penalties of up to \$25,000 per offense, with each day of noncompliance constituting a separate offense per Section 364.285(1), Florida Statutes. Fines were levied on CLECs that did not respond to the 2005 Local Competition Report Data Request.

Fines were also levied against CLECs that could not prove that they had responded to the 2005 Local Competition Report Data Request. For this reason, we urge you to retain a record confirming delivery of your company's response to the data request, such as a certified mail receipt or a copy of an e-mail. Please feel free to request a confirmation e-mail.

Filing Requirements

Responses to the enclosed data request are due no later than **July 14, 2006**. Your response to the questionnaire may be provided on paper or in a Word file. Your response to the attached exchange check list may be provided on paper or in an Excel file. If you are required to complete the data tables, we request that you provide your response on a CD or diskette using Excel. Your public response may also be sent via e-mail to sollila@psc.state.fl.us or by facsimile to (850) 413-6392.

Forms Availability

The questionnaire (Word), exchange check list (Excel), and data table (Excel) files are available for downloading at our website: <http://floridapsc.com/RandR/LCDR/index.cfm>. The files are named *CLEC questionnaire.doc*, *Exchange Check List.xls*, and *CLEC data tables.xls*, respectively.

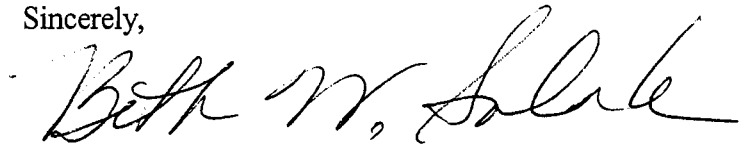

Confidentiality

Once the completed data request is received by the Commission, the information will be a public record under Section 119.01, Florida Statutes, unless you make a **claim of confidentiality** under Section 364.183, Florida Statutes. If you believe your response to the data request contains confidential information and you want to protect the information from public disclosure, you may submit a claim of confidentiality by following the procedures in Rule 25-22.006(5), Florida Administrative Code, *a copy of which is attached*. Please note that a claim of confidentiality does not alleviate the obligation to respond to the data request in a timely manner. In addition, claims of confidentiality should not be made for information that is publicly available from other sources.

We appreciate your cooperation in filing your responses correctly and in a timely manner. If you have questions of a general nature, please contact Greg Shafer (850-413-6958 or gshafer@psc.state.fl.us). For questions concerning the questionnaire and returning your response, you may contact Sue Ollila (850-413-6540 or sollila@psc.state.fl.us). For specific questions on the data tables, please contact Tabitha Hunter (850-413-6920 or thunter@psc.state.fl.us).
