Commission Rejects Alltel's Rebalancing Petition

TALLAHASSEE — A three-member panel of the Florida Public Service Commission rejected a petition Tuesday by telecommunications carrier Alltel Florida, Inc. to rebalance monthly local service rates.

The decision means customers of the company, whose service territory includes all or parts of a number of rural, North Florida counties, will see no change in basic monthly service rates.

In a unanimous decision, the Commission determined there was insufficient evidence in the record to support the company's request.

"Staff was not persuaded the company's petition met the legal requirements established by the Legislature when it passed the rebalancing legislation and we agreed with that assessment," Commission Chairman Rudolph "Rudy" Bradley said.

Among the issues a company must demonstrate is that removing price supports in exchange for an increase in basic local rates will benefit consumers by inducing more competitive providers to enter the service territory, increase the number of service offerings and lower long distance rates.

The Commission found none of those benefits were likely to occur by granting Alltel's petition.

Customer Hearings Set for Alltel Florida, Inc.

TALLAHASSEE — The members and staff of the Florida Public Service Commission (PSC) will conduct two customer hearings to provide customers of Alltel Florida, Inc. The PSC is particularly interested in consumer testimony on whether, and to what extent, there is competition in the area for basic local telephone service and what types of competition the consumer would like to see.

Residential and small business customers of Alltel are invited to attend the meetings, which will be held at the following times and locations:
