RE: Notice of Public Hearings for Florida Power and Light Company and Utility Companies' Rate Hearings

Dear Governor Bush:

In light of the last two storm seasons, and particularly as the result of damage inflicted by Hurricane Wilma, the City of Dania Beach experienced an extended period of loss of power, communications and utilities. While we are painfully aware that such service interruptions were shared by other cities and counties in the South Florida area, we wish to join them in the demand for an opportunity to participate and to be heard in any rate hearings requested by Florida Power and Light Company and any other utility companies that are regulated by the PSC, if rate increases are sought. We wish to notify you and the PSC that the City opposes any proposed surcharge or increased rates to cover lost revenues as a result of Wilma or any of the past seasons' storms. As you are undoubtedly aware, the PSC did approve the power companies' request for such charges last year as a result of other areas of the state that were struck by storms.

We would appreciate confirmation of your receipt of this request, so the City of Dania Beach will know that when hearings are scheduled, we will be afforded ample notice and an opportunity to be heard.

On behalf of the 29,000 residents of the City of Dania Beach, I thank you in advance for your assistance and cooperation.

Very truly yours,

Anne Castro

Anne Castro, Mayor
