Kay, you are correct. We assigned company code TX869 when the dkt was opened, but were waiting to hear from Toni before we assigned an "AAV", so everything will be fine when we receive the new application. Thanks, N

We had actually set the AAV application up as a CLEC so we have the CLEC company code in place already...and no AAV code as yet.

We can use the same docket and change the title and other pertinent information just as soon as we get in the CLEC application. PLEASE tell the applicant to reference Docket No. 050887 in his cover letter so we won't assign a new docket number to the CLEC application.

Hi Kay/Ray,

I caught the same problem and sent an email to Kim yesterday letting her know the IXC tariff was mixed with the AAV application and the AAV "price list" was mixed with the IXC registration form.

I just spoke with Mr. Curry and apparently he 'thought' he had applied for an "Alternative Local Carrier" when in fact he submitted an AAV application. I want to know if he can simply resubmit a 'replacement' CLEC application to replace the original AAV submitted or does he need to withdraw the AAV, lose the \$250 and resubmit the correct application with another \$250?

Let me know so I can advise him.

Toni

Toni,

Please advised Kay if there are changes needed. I noticed something funny about the IXC filing and looked on line for the CLEC stuff, but it was not there. I will leave it with you to resolve.

Ray, I don't know who will be assigned to these dockets but they are puzzling to us.

We set 050885 up as an IXC, but I see now in looking in the file that they have attached a price list as though it were a CLEC.

We set 050887 up as a CLEC, but apparently it is an AAV. However, it has attached to it tariff pages. We've changed the docket title and suffix to reflect it's an AAV, but in seeing the tariff pages, I'm puzzled.

Could you ask whoever gets these dockets to please take a close look and advise us of any corrections we need to make?

Thanks.

Kay
