AUDITOR'S REPORT**

June 24, 2006

**TO: FLORIDA PUBLIC SERVICE COMMISSION AND OTHER INTERESTED
PARTIES**

We have performed the procedures enumerated later in this report to meet the agreed upon objectives set forth by the Division of Competitive Markets and Enforcement in its audit service request. We have applied these procedures to the Regulatory Assessment Fee filings prepared by Sprint-Florida, Inc. and its affiliates for 2003 and 2004.

This audit is performed following general standards and field work standards found in the AICPA Statements on Standards for Attestation Engagements. This report is based on agreed upon procedures which are only for internal Commission use.

OBJECTIVES AND PROCEDURES

SUMMARY INFORMATION: This audit covers 2003 and 2004. The year 2002 was limited to reseller revenues. The companies are Sprint Florida, Incorporated (SFI), Sprint Communications Company LP (SCCLP), ASC Telecom, Inc. (ASC), and Sprint Payphone Services, Inc. (SPSI). For 2002 the audit was limited to SCCLP reseller revenues.

		2003 Reported Net Intra Revenue	2003 Reported RAF Fee

ASC	TI 459 - Interexchange	27,810.00	50.00

Objective: The objective of the audit was to verify that the company has accurately reported all regulated revenues on its Regulatory Assessment Fee (RAF) return.

Procedures: We agreed the total revenue on the company's 10-K for 2003 and 2004 to the company balance sheet and income statement.

Local Revenues

We traced the detail for Local revenues on the 10-K to the company provided breakdown of local business units. These business units include Sprint Florida, Inc. (SFI) and Sprint PayPhone Systems, Inc. (SPSI.)

We were able to agree the SFI revenues on the breakdown of local business units to the SFI generally accepted accounting principles (GAAP) Income Statement. We compared the GAAP income statement to the Regulated Income Statement. Certain revenue was not included in the Regulated Income Statement and was not on the RAF return. These items are discussed in Finding Number 5.

We agreed the SPSI revenues on the breakdown of local business units to the SPSI Income Statement and to a breakdown of SPSI revenue by State. The Florida revenue was compared to the RAF form. The Intrastate revenue on the income statement for 2003 was more than the RAF form. This item is discussed in Finding Number 3.

Long Distance Revenues

We agreed the total long distance revenues reported in the 10-K for 2003 and 2004 to the income statement for the Global Markets Group Business Units which combines Sprint Communications Company LP (SCCLP) and ASC Telecom (ASC.) The income statement was compared to a detail of revenues reported by state. The state detail agreed with the RAF form. The RAF revenue was then traced to the company "warehouse data" (compilation of all revenues) provided to us on CD's. The warehouse data includes reseller revenues not reported on the RAF form. See Finding Number 2 for discussion.

Objective: The objective was to verify that the company has accurately allocated revenues between interstate and intrastate.

Procedures: We requested the company provide us with the method of allocating total revenue to interstate and intrastate for each of the companies under audit.

For SFI, we reviewed the procedures used and found that revenues are reported based on activity and that actual traffic is used to determine the access revenue.

For SCCLP, we attempted to determine the basis for recording interstate and intrastate access fee revenue. We determined that access fee revenues were allocated based on the customer's certification of the percentage of interstate traffic usage. We randomly selected invoices sent to access customers to review the interstate/intrastate percents. See Finding Number 4.

For SPSI, we traced the allocated revenue to the factors applied to determine intrastate revenue. The factors applied were prepared in August 2001. This item is discussed in Audit Finding Number 3.

Objective: The objective was to verify that the company can support any dollars deducted for payments to other companies.

Procedures: For SCCLP, SFI and SPSI we attempted to tie the amounts paid to invoices to determine if only intrastate amounts were included. We obtained invoices for SFI and traced the amounts to the invoices. This item is discussed in Audit Finding Number 8. We found that for both SCCLP and SPSI, the amounts paid to others were allocated. The basis of the allocations for each company was different. We attempted to trace the amounts used in determining the allocations to source documents. These items are discussed in Audit Findings 6 and 7.

Objective: The objective was to determine if the companies have paid their relay fees per Rule 25-4.160.

Procedures: We obtained a list of relay payments for 2003 and 2004. We agreed some of these payments to the relay form submitted by the company and to a company prepared list of payments. For SCCLP, we also reviewed acknowledgement letters from Florida Telecommunications Relay, Inc.
