Re: Verizon Florida's Response to the 2006 Incumbent Local Exchange Carrier (ILEC)
Local Competition Data Request

Dear Ms. Bayo:

Attached is a copy of Verizon Florida's response to the Commission's annual ILEC data request. Verizon welcomes the opportunity to assist the Commission in evaluating the status of competition in Florida. This filing includes a separate envelope containing a confidential CD with data table responses and FCC Form 477.

Verizon considers this information to be confidential as it contains proprietary information that could be used by competitors to gain an unfair competitive advantage. Therefore, this filing is made under a Claim of Confidentiality pursuant to F.S. 364.183(1) and Rule 25-22.006(5). Verizon understands the information must be kept confidential until returned to Verizon.

- CMP _____
- COM _____ Regarding staff's request to report retail VoIP access lines in Table IV, VoIP service (VoiceWing) is provided by an affiliate, Verizon Long Distance, not Verizon Florida.
- CTR _____ VoiceWing service is not based on geographical boundaries and therefore does not fit neatly into existing regulatory classifications. As such, Verizon Florida is unable to provide this information.
- ECR _____
- EXL _____
- IPC _____ If you have any questions or concerns, please feel free to contact me or Demetria Watts at (850) 222-5479.

Sincerely,

David M. Christian
Vice President - Regulatory Affairs

2006 Incumbent Local Exchange Carrier (ILEC) Questionnaire
(Due by July 14, 2006)

Company: Verizon Florida
Contact name & title: David Christian, Vice President-Regulatory; Demetria Watts, Specialist-Regulatory
Telephone number: David (224-3963), Demetria (222-5479)
E-mail address: david.christian@verizon.com; demetria.c.watts@verizon.com

Total State Retail Residential and Business Access Line Counts

1. How many traditional retail residential and business voicegrade equivalent lines do you have in Florida? The numbers below should match the residential and business totals in Table 1. Please do not file a claim of confidentiality for these total numbers.

RESPONSE:

1,325,819 Residential
502,287 Business
1,828,106 Total

Bundled Services

2. What is the percentage of your Florida residential and business customers who can purchase bundled services (e.g., local service -- plus vertical features such as call waiting -- plus long distance or broadband service)? Please provide the percentage below. If you do not offer bundled services, place a mark by "not applicable."
- Residential
 Business
 Not applicable

RESPONSE:

All Verizon customers are able to purchase bundled services.

3. What percentage of your Florida residential and business customers purchase the bundles? Please provide the percentage below.
- Residential
 Business

RESPONSE:

This information will be provided by July 20, 2006.

VoIP

4. Indicate below whether you are offering VoIP service to end users in Florida. VoIP service is defined as IP-based voice service provided over a digital connection. Check any that apply.

RESPONSE: VoIP service (VoiceWing) is provided by an affiliate, Verizon Long Distance. VoiceWing service is not based on geographical boundaries and therefore does not fit neatly into existing regulatory classifications. For instance, although a VoiceWing customer may reside in FL, the number for the service may be an area code outside of FL. Additionally, it does not matter where a customer is located, whether in the United States abroad, for the customer to be able to use his or her VoiceWing service. The only requirement is a broadband connection.

- Not offering VoIP service to end users
- Offering VoIP services to business end users
- Offering VoIP services to residential end users

5. If you are offering VoIP service in Florida:
- (a.) Where are you offering VoIP service, e.g., specific cities, counties, statewide, etc.?
All Verizon territories
 - (b.) What is the range of prices for residential VoIP service?
\$19.95 - \$24.95
 - (c.) What is the range of prices for business VoIP service?
N/A
 - (d.) Check all that apply to your VoIP service:
 - Offer wireless VoIP service
 - Offer wireline VoIP service
 - Optional power backup (**No, but Verizon offers a network outage number**)
 - Standard power backup (**No, but Verizon offers a network outage number**)
 - Contribute to Universal Service Fund

Broadband

6. Do you offer broadband to residential customers in Florida? Please place a mark by the applicable answer.
 Yes No
7. If you do offer broadband to residential customers, please provide the percentage of Florida customers to whom broadband is available. _____

RESPONSE: Please refer to confidential Form 477.

8. How many residential broadband subscribers do you have in Florida? _____
RESPONSE: Please refer to confidential Form 477.

Fiber Deployment

9. Do you have any fiber deployments to homes or businesses in Florida?
 Yes No

10. If you have fiber deployments, please answer the following questions.
- a. Where are they (e.g., name of development, wire center, and exchange)?

RESPONSE: To date, Verizon has placed over 26 million feet of fiber in Florida as the FTTP project continues in multiple phases. The 100 percent fiber-optic network is completed or under construction in 26 wire centers including University (New Tampa), Wesley Chapel, Keystone, Brandon, Carrollwood, Alafia, Beach Park, Siesta Key, Wallcraft, Temple Terrace, Lutz, Oldsmar, Hyde Park, Sarasota Northside, Sarasota Southside, St. Armands, Sarasota Springs, Bradenton Bay, Bradenton, Seven Springs, Tarpon Springs, St. George, Land O' Lakes, Sulphur Springs, Tampa East and Seminole Heights. In 19 of these wire centers – University, Wesley Chapel, Keystone, Alafia, Brandon, Wallcraft (serving portions of south Tampa), Beach Park, Hyde Park, Sulphur Springs, Seminole Heights, Tampa East, Land O Lakes, Lutz, Carrollwood, Oldsmar, Temple Terrace, Sarasota Northside, Bradenton Bay and Siesta Key - Verizon's FiOS phone and data service is available to Verizon local phone customers in completed neighborhoods.

In 11 of these wire centers – Temple Terrace, University, Wesley Chapel, Keystone, Brandon, Carrollwood, Alafia, Beach Park, Wallcraft, Hyde Park, and the Manatee county portion of Sarasota Northside and Bradenton Bay – the triple play, which includes FiOS TV, is also being sold. In addition, certain new developments (subdivisions) located outside of these wire centers that have been fiber-equipped are being turned up with FiOS. Lastly, engineering of the network (pre-construction work) is taking place in additional not-yet-named wire centers served by Verizon.

- b. What type of infrastructure are they (e.g., Fiber to the Home/Fiber to the Premises/Fiber to the Curb)?
- c. How many fiber subscribers do you have in Florida? This includes Fiber to the Home, Fiber to the Premises, and Fiber to the Curb.
- _____ Residential
_____ Business
_____ Total

RESPONSE: State-specific subscribership data is highly sensitive and proprietary. Verizon is not able to provide such data at this time.

- d. To how many premises (homes/businesses) do you make fiber available in each deployment?

RESPONSE: Please refer to (a).

- e. What services do you offer in each deployment?

RESPONSE: Please refer to (a).

Form 477

11. Please provide a copy of the Form 477 you filed with the FCC with data as of December 31, 2005.

RESPONSE: Please refer to our confidential filing.

Comments

12. Please provide any comments, suggestions or information you believe will assist staff in evaluating and reporting on the development of local exchange competition in Florida. We would appreciate any comments or information on intermodal local competition (e.g., wireless, cable telephony, VoIP), reports or studies you have completed on CLEC market share, or anything else that you believe to be relevant.

RESPONSE: A response will be provided on July 24, 2006.
