Re: Verizon Florida's Response to the 2006 Incumbent Local Exchange Carrier (ILEC)
Local Competition Data Request

Dear Ms. Bayo:

Attached is Verizon Florida's amended response to the Commission's annual ILEC data request. Specifically, the attached version contains Verizon's confidential response to Question Number 3.

Verizon considers this information to be confidential as it contains proprietary information that could be used by competitors to gain an unfair competitive advantage. Therefore, this filing is made under a Claim of Confidentiality pursuant to F.S. 364.183(1) and Rule 25-22.006(5). Verizon understands the information must be kept confidential until returned to Verizon.

CMP 1 If you have any questions or concerns, please feel free to contact me or Demetria Watts at (850) 222-5479.

Total State Retail Residential and Business Access Line Counts

1. How many traditional retail residential and business voicegrade equivalent lines do you have in Florida? The numbers below should match the residential and business totals in Table 1. Please do not file a claim of confidentiality for these total numbers.

RESPONSE:

1,325,819 Residential
502,287 Business
1,828,106 Total

Bundled Services

2. What is the percentage of your Florida residential and business customers who can purchase bundled services (e.g., local service -- plus vertical features such as call waiting -- plus long distance or broadband service)? Please provide the percentage below. If you do not offer bundled services, place a mark by "not applicable."

 Residential
 Business
 Not applicable

RESPONSE:

All Verizon customers are able to purchase bundled services.

3. What percentage of your Florida residential and business customers purchase the bundles? Please provide the percentage below.

 Residential
 Business

RESPONSE:

As of June 2006, on a national level, approximately 90% of Verizon's residential customers and approximately 60% of Verizon's business customers subscribe to a package.

VoIP

4. Indicate below whether you are offering VoIP service to end users in Florida. VoIP service is defined as IP-based voice service provided over a digital connection. Check any that apply.
