ORIGINAL

Hong, thanks for working with Paula on this in my absence Friday afternoon.

Paula, just fyi, I checked through your requests to remove names from the list in 060466, and I found requests from you for these company codes:

TJ128
TK018
TJ942
TJ938
TJ193

Those were all removed following your requests. I didn't find in the docket file a request to remove TJ500, which would explain why they remained on the list and received the order.

I am using this e-mail now to remove TJ500.

Kay

CMP COM CTR ECR GCL OPC RCA SCR SGA SEC OTH Kim

Paula, we have removed TJ500 from Docket 060466. However, after looking at the fax log again and checking with Kim Pena, we have determined that we did fax the order to IDS (it was faxed to Mr. Angel Leiro) and we also sent out the order by certified mail yesterday.

FPSC-COMMISSION CLERK

Kay, hopefully, this e-mail is unnecessary, but I thought I'd send it on just to make sure. To refresh your memory, I had requested that six companies be removed from Docket No. 060466-TI. One of those companies called me about the Order. I called Hong (you were out) asking why they would have received it. She checked and they did not receive the order via fax from Records, so we can only guess that they got the order from our website or something.

While I had Hong on the phone, I asked her to check the others. She advised that none of the six received the

Order. She did say that while TJ500 did NOT receive the Order, it appeared they are still associated with this docket. I would just like to again request that they (TJ500) be removed from this docket. Thanks so much!

Hong, thanks as always for your help and patience!
