Subject: Confidential Documents - Docket No. 031033-EI

Document No. 00169-04 can be returned to the source because it is no longer needed by the Commission to conduct its business.

Document No. 05807-04 should be declassified because no party filed a request for confidential treatment of this document and a similar document (Document No. 04086-04) has already been declassified.

Please let me know if you need anything else.
