Re: Informational Notification of Acceris Management and Acquisition LLC and First Communications, LLC Regarding a Transfer of Assets, Including Customers, of Acceris Management and Acquisition LLC to First Communications, LLC

Dear Ms. Bayo:

First Communications, LLC ("First Communications") and Acceris Management and Acquisition LLC ("Acceris") (together, "Parties"), by their counsel and pursuant to Fla. Pub. Serv. Commission Rule 25-4.118, respectfully advise the Florida Public Service Commission ("Commission") of their intent to consummate a transaction involving the transfer of certain assets of Acceris to First Communications. Pursuant to the terms of an Asset Purchase Agreement ("Agreement") dated July 11, 2006, between First Communications and Acceris, First Communications will acquire certain assets of Acceris relating to its large business customer enterprise business ("Business"), including various equipment and Business customers. First Communications is already authorized to provide telecommunications services in Florida and is ready, willing and able to acquire the assets and continue serving the Acceris customers in Florida in a seamless manner. The Commission has already examined the qualifications of First Communications to provide telecommunications service and determined that it is in the public interest for First Communications to be an authorized provider in Florida.

After consummation of the transactions, Acceris will retain its authorization to provide telecommunications services in Florida in order to provide service to its customers not related to the Business. The assets and customers related to the Business will be acquired by First Communications. These customers will not experience any loss or impairment of service. They will continue to receive their existing services at the same rates, terms and conditions as at present. Future changes in the rates, terms and conditions of service will be made consistent with Commission requirements. The only material change will be in the customers' service

provider. Notice of the change will be provided to customers in accordance with Commission and federal rules. It is the Parties' understanding that no prior Commission approval is required to consummate the transaction described above. Thus, the Parties submit this information for the Commission's information only and request that it be retained in the appropriate file.

The Parties

First Communications, LLC. First Communications, LLC is a privately held Ohio limited liability company headquartered at 3340 West Market Street, Akron, Ohio, 44333, (216) 468-1614. First Communications was formed on July 1, 1998 under the laws of the State of Ohio. McKinley Communications, LLC holds a 51% ownership interest in First Communications, First Energy Corp. holds a 32% interest in First Communications and Boich Investment Group, Ltd. Holds a 17% interest in First Communications. No other entity holds a 10% or greater ownership interest in First Communications.

First Communications is a common carrier that provides local, private line and long distance services to both business and residential customers in several states. Currently, First Communications provides telecommunications services to approximately 100,000 customers located primarily in Ohio, Michigan, Indiana, Illinois, Pennsylvania and Florida. First Communications' services include, in addition to traditional local and long distance services, toll-free services, conference calling packages, calling cards, prepaid calling cards, Internet access and dedicated and private line services. First Communications' telecommunications services are provided primarily on a resale basis using the facilities and switches that are owned and operated by other telecommunications carriers.

First Communications is authorized to provide intrastate long distance telecommunications services in California, Florida¹ and Kentucky. First Communications is authorized to provide intrastate long distance and competitive local exchange telecommunications services in Illinois, Indiana, Michigan, New Jersey, New York, Ohio, Pennsylvania, and Wisconsin. With years of experience in the states mentioned above, First Communications has the financial, managerial and technical qualifications needed to provide quality telecommunications services to the Business customers in Florida acquired from Acceris. The qualifications of First Communications are on file with the Commission in connection with its certification dockets and are incorporated by reference herein.

Acceris Management and Acquisition LLC. Acceris Management and Acquisition LLC, a Minnesota limited liability company also conducting business as Acceris Communications or WorldxChange, is headquartered at 9530 Padgett Street, Suite 101, San Diego, CA 92126, (858) 547-5700. Acceris is a direct, wholly owned subsidiary of North Central Equity LLC ("North Central"), a privately held Minnesota holding company established

in 2004, whose executives have many years of experience in the telecommunications industry. Mr. Elam Baer, CEO of North Central, holds 53% of the ownership interests in Acceris. No other entity holds a 10% or greater ownership interest in Acceris. Acceris is a broad based communications company, serving residential, small and medium-sized business and large enterprise customers throughout the United States. The company provides a range of products from domestic and international long distance voice services to fully managed and integrated data services and enhanced services.

Currently, Acceris is authorized to provide long distance telecommunications services in the contiguous 48 states, Hawaii and the District of Columbia, except in Alaska. Acceris also is authorized to provide long distance and competitive local exchange telecommunications services in Pennsylvania, New York, New Jersey, Florida² and Massachusetts. After consummation of the transactions, Acceris will retain its telecommunications authorization in Florida in order to continue to provide telecommunications services apart from the Business being acquired by First Communications. Thus, Acceris does not seek to surrender its authorization at this time.

Description of the Transaction

First Communications and Acceris have reached an Agreement providing for First Communications' acquisition of certain assets of Acceris relating to the Business, including personal property such as equipment and switches, customer contracts and working capital (including accounts receivable), but not including any federal or state telecommunications authorizations. After consummation of the transactions, First Communications will provide telecommunication services to the Acceris customers directly pursuant to its own telecommunications authorizations.

The proposed transfer of customers to First Communications will have no adverse impact on customers. The Acceris customers will continue to receive their existing services at the same rates, terms and conditions that they have prior to the transfer and any future changes in the rates, terms and conditions of service will be made consistent with Commission requirements. To ensure a seamless transition and avoid customer confusion or inconvenience, First Communications will provide advance written notice to the affected customers at least thirty (30) days prior to the transfer, explaining the change in service provider in accordance with applicable Federal Communications Commission and Commission requirements for changing a customer's presubscribed carrier. A copy of the notification letter that will be sent to the affected Business customers will be provided to the Commission upon request.

² See Docket No. 050428-TP, Order PSC-05-1195-CO-TP.

Qualification of First Communications

As the Commission has already determined, First Communications is well-qualified managerially, technically and financially to provide telecommunications services in Florida. First Communications has access to the financing and capital necessary to conduct its telecommunications operations and to fulfill any obligations it may undertake with respect to the operation and maintenance of its services. First Communications' management team includes individuals with substantive experience in successfully developing and operating telecommunications business. Consequentially, the company has the adequate internal technical resources to support its Florida operations. First Communications has successfully provided a range of local and long distance telecommunications services over the past several years. Both sales and service personnel are trained professionals. First Communications will bill all of its end-user customers directly. All bills sent to end-user customers will bear the company's name and provide a toll-free number for customer inquiries and complaints. First Communications has a toll free number available for its customers to contact the company with billing and service related issues: 1-800-274-1015.

Tariff

Appended hereto as *Exhibit A*, please find **Tariff No. 2** of First Communications that includes the same Business services, rates, terms and conditions as the existing Acceris tariff. Thus, the Business customers being transferred from Acceris to First Communications will not experience any change in their telecommunications services. The only change will be their new service provider: First Communications.

Public Interest Considerations

The transfer of assets to First Communications will serve the public interest. Acceris has determined that its operations with respect to the Business is no longer consistent with its long term interests. First Communications is a strong company that will continue to provide high quality services to the Acceris customers. First Communications' purchase of the Acceris assets related to the Business will strengthen First Communications, enable it to expand and better ensure that it remains a viable long-term competitor in the telecommunications marketplace.

At the same time, the proposed transfer of assets does not present any anti-competitive issues. The Parties emphasize that, following the transfer, the former Acceris customers will continue to receive services from an experienced and qualified carrier, which services will be consistent with the quality of services currently provided by Acceris. Acceris primarily resells local and long distance services to residential and business customers and First Communications has extensive experience in providing these services. The Parties anticipate that customers will experience a seamless transition of service provider. Further, these customers will be sufficiently notified of the transaction and their rights.

KELLEY DRYE & WARREN LLP

Page 5 of 5

In addition, Acceris' exit from the Business does not present any competitive concerns. In the geographic markets in which the operations of First Communications and Acceris overlap, the market share of First Communications post-close in the local service market will be less than 5 percent. In the geographic markets in which the operations of First Communications and Acceris do not overlap, First Communications will simply step into the shoes of Acceris with respect to market share. The Parties note that there are a number of other carriers operating in each market, including the incumbent carrier, which in each market controls a substantial market share. In sum, this transaction will serve the public interest by strengthening the competitive position of First Communications without negative impact to either Acceris customers or competition in the markets in which Acceris operates.

As noted above, it is the Parties' understanding that no prior Commission approval is required to consummate the transfer of assets described herein. Should the Commission believe that any further action is required, the Parties respectfully request that the Commission notify the undersigned at its earliest convenience. Enclosed please find a duplicate of this letter and three (3) copies. Please date-stamp the duplicate upon receipt and return it in the self-addressed, postage-paid envelope provided. Should there be any questions regarding this matter, please contact Melissa Conway at (202) 342-8552.

TARIFF FORMAT

A. Sheet Numbering: Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between pages 11 and 12 would be page 11.1.

B. Sheet Revision Numbers: Revision numbers also appear in the upper right corner of each sheet where applicable. These numbers are used to indicate the most current page version on file with the Commission. For example, 4th Revised Sheet 13 cancels 3rd Revised Sheet 13. Consult the Check Sheet for the sheets currently in effect.

C. Paragraph Numbering Sequence: There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

- 2.
- 2.1
- 2.1.1
- 2.1.1.A
- 2.1.1.A.1
- 2.1.1.A.1.(a)
- 2.1.1.A.1.(a).I

D. Check Sheets: When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the sheets contained in the tariff, with a cross reference to the current Revision Number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some sheets). The tariff user should refer to the latest Check Sheet to find out if a particular sheet is the most current on Commission file.

SECTION 1 – TECHNICAL TERMS AND ABBREVIATIONS

10XXX or 101XXX Access Code – The Access Code is the 10XXX or 101XXX Access number.

Access Line - An arrangement from a local exchange telephone company or other common carrier, using either dedicated or switched access, which connects a Customer's location to the Company's location or switching center.

Authorization Code - A numerical code, one or more of which may be assigned to a Customer, to enable the Company to identify the origin of the Customer so it may rate and bill the call. Automatic number identification (ANI) is used as the authorization code wherever possible.

Casual Calling – A dialing method that enables a Customer to reach the interexchange carrier of the Customer's choice even if the Customer is not a regular Customer of that carrier. The Customer utilizes a 10XXX or 101XXX Access Code to make calls, and the Customer does not change its Primary Interexchange Carrier.

Commission - Used throughout this tariff to mean the Florida Public Service Commission.

Company - Used throughout this tariff to mean First Communications, LLC, an Ohio limited liability company.

Customer - The person, firm, corporation or other legal entity which orders the services of the Company and is responsible for the payment of charges and for compliance with the Company's tariff regulations.

Dedicated Access - The Customer gains entry to the Company's services by a direct path from the Customer's location to the Company's point of presence.

DUC – Designated Underlying Carrier.

Holiday - New Year's Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day. Holidays shall be billed at the evening rate from 8 a.m. to 11 p.m. After 11 p.m., the lower night rate shall go into effect.

LEC – Local Exchange Carrier.

SECTION 1 – TECHNICAL TERMS AND ABBREVIATIONS (continued)

Presubscribed Service - A service whereby the Customer can make long distance calls and the Customer must change its Primary Interexchange Carrier to the Company.

Resp. Org - Responsible Organization or entity identified by an 800 service Customer that manages and administers records in the 800 database and management system.

Switched Access - The Customer gains entry to the Company's services by a transmission line that is switched through the local exchange carrier to reach the Company's point of presence.

Telecom Unit - A measurement of telecommunications service equivalent to one minute of usage between any two points within the State of Florida.

Telecommunications - The transmission of voice communications or, subject to the transmission capabilities of the services, the transmission of data, facsimile, signaling, metering, or other similar communications.

Underlying Carrier - The telecommunications carrier whose network facilities provide the technical capability and capacity necessary for the transmission and reception of Customer telecommunications traffic.

SECTION 2 – RULES AND REGULATIONS

2.1 Undertaking of the Company

This tariff contains the regulations and rates applicable to intrastate interexchange telecommunications services provided by the Company for telecommunications between points within the State of Florida. Services are furnished subject to the availability of facilities, equipment and/or billing arrangements with the DUC and/or LEC, and subject to the terms and conditions of this tariff in compliance with limitations set forth in the Commission's rules. Necessary facilities and equipment may include, but are not limited to, facilities or equipment to be provided by the Company, connecting carriers, underlying carriers, owners and operators of transmission capacity leased to the Company or the LEC. The Company's services are provided on a statewide basis and are not intended to be limited geographically, however, all Switched Access services are only available in equal access areas. The selection of the DUC is made solely in the discretion of the Company. The Company offers service to all those who desire to purchase service from the Company consistent with all of the provisions of this tariff. Except for 101XXX Access Service, Customers interested in the Company's services shall file a service application with the Company, which fully identifies the Customer, the services requested and other information requested by the Company. The Company reserves the right to examine the credit record and check the references of all applicants and Customers prior to accepting the service order. The service application shall not in itself obligate the Company to provide services or to continue to provide service if a later check of applicant's credit record is, in the opinion of the Company, contrary to the best interest of the Company. The Company may act as the Customer's agent for ordering access connection facilities provided by other carriers or entities when authorized by the Customer, to allow connection of a Customer's location to a service provided by the Company. The Customer shall be responsible for all charges due for such service arrangement.

2.1.1 The services provided by the Company are not part of a joint undertaking with any other entity providing telecommunications channels, facilities, or services, but may involve the resale of the Message Toll Services (MTS) and Wide Area Telecommunications Services (WATS) of underlying common carriers subject to the jurisdiction of this Commission.

2.1.2 The rates and regulations contained in this tariff apply only to the services furnished by the Company and do not apply, unless otherwise specified, to the lines, facilities, or services provided by a local exchange telephone company or other common carriers for use in accessing the services of the Company.

SECTION 2 – RULES AND REGULATIONS (continued)**2.2 Use of Services**

- 2.2.1 The Company's services may be used for any lawful purpose consistent with the transmission and switching parameters of the telecommunications facilities utilized in the provision of services, subject to any limitations set forth in this section 2.2.
- 2.2.2 The use of the Company's services to make calls which might reasonably be expected to frighten, abuse, torment, or harass another or in such a way as to unreasonably interfere with use by others is prohibited.
- 2.2.3 The use of the Company's services without payment for service or attempting to avoid payment for service by fraudulent means or devices, schemes, false or invalid numbers, or false calling or credit cards is prohibited.
- 2.2.4 The Company's services are available for use twenty-four hours per day, seven days per week.
- 2.2.5 The Company does not transmit messages, but the services may be used for that purpose.
- 2.2.6 The Company's services may be denied for nonpayment of charges or for other violations of this tariff.
- 2.2.7 Customers shall not use the service provided under this tariff for any unlawful purpose.
- 2.2.8 The Customer is responsible for notifying the Company immediately of any unauthorized use of services.

SECTION 2 – RULES AND REGULATIONS (continued)**2.3 Liability of the Company**

- 2.3.1 The Company shall not be liable for any claim, loss, expense or damage for any interruption, delay, error, omission, or defect in any service, facility or transmission provided under this tariff, if caused by the Underlying Carrier, an act of God, fire, war, civil disturbance, act of government, or due to any other causes beyond the Company's control.
- 2.3.2 The Company shall not be liable for, and shall be fully indemnified and held harmless by the Customer against any claim, loss, expense, or damage for defamation, libel, slander, invasion, infringement of copyright or patent, unauthorized use of any trademark, trade name or service mark, proprietary or creative right, or any other injury to any person, property or entity arising out of the material, data or information transmitted.
- 2.3.3 No agent or employee of any other carrier or entity shall be deemed to be an agent or employee of the Company.
- 2.3.4 The Company's liability for damages, resulting in whole or in part from or arising in connection with the furnishing of service under this tariff, including but not limited to mistakes, omissions, interruptions, delays, errors, or other defects or misrepresentations shall not exceed an amount equal to the charges provided for under this tariff for the long distance call for the period during which the call was affected. No other liability in any event shall attach to the Company.
- 2.3.5 The Company shall not be liable for and shall be indemnified and saved harmless by any Customer or by any other entity from any and all loss, claims, demands, suits, or other action or any liability whatsoever, whether suffered, made, instituted, or asserted by any Customer or any other entity for any personal injury to, or death of, any person or persons, and for any loss, damage, defacement or destruction of the premises of any Customer or any other entity or any other property whether owned or controlled by the Customer or others.
- 2.3.6 The Company shall not be liable for any indirect, special, incidental, or consequential damages under this tariff including, but not limited to, loss of revenue or profits, for any reason whatsoever, including the breakdown of facilities associated with the service, or for any mistakes, omissions, delays, errors, or defects in transmission occurring during the course of furnishing service.
- 2.3.7 The remedies set forth herein are exclusive and in lieu of all other warranties and remedies, whether express, implied, or statutory, **INCLUDING WITHOUT LIMITATION IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.**

SECTION 2 – RULES AND REGULATIONS (continued)**2.4 Responsibilities of the Customer**

- 2.4.1 The Customer is responsible for placing any necessary orders and complying with tariff regulations. The Customer is also responsible for the payment of charges for services provided under this tariff.
- 2.4.2 The Customer is responsible for charges incurred for special construction and/or special facilities, which the Customer requests and which are ordered by the Company on the Customer's behalf.
- 2.4.3 If required for the provision of the Company's services, the Customer must provide any equipment space, supporting structure, conduit and electrical power without charge to the Company.
- 2.4.4 The Customer is responsible for arranging access to its premises at times mutually agreeable to the Company and the Customer when required for Company personnel to install, repair, maintain, program, inspect or remove equipment associated with the provision of the Company's services.
- 2.4.5 The Customer shall cause the temperature and relative humidity in the equipment space provided by Customer for the installation of the Company's equipment to be maintained within the range normally provided for the operation of microcomputers.
- 2.4.6 The Customer shall ensure that the equipment and/or system is properly interfaced with the Company's facilities or services, that the signals emitted into the Company's network are of the proper mode, bandwidth, power and signal level for the intended use of the subscriber and in compliance with criteria set forth in this tariff, and that the signals do not damage equipment, injure personnel, or degrade service to other Customers. If the Federal communications Commission or some other appropriate certifying body certifies terminal equipment as being technically acceptable for direct electrical connection with interstate communications service, the Company will permit such equipment to be connected with its channels without the use of protective interface devices. If the Customer fails to maintain the equipment and/or the system properly, with resulting imminent harm to Company equipment, personnel or the quality of service to other Customers, the Company may, upon written notice, require the use of protective equipment at the Customer's expense. If this fails to produce satisfactory quality and safety, the Company may, upon written notice, terminate the Customer's service.

SECTION 2 – RULES AND REGULATIONS (continued)**2.4 Responsibilities of the Customer (Cont'd)**

- 2.4.7 The Customer must pay the Company for replacement or repair of damage to the equipment or facilities of the Company caused by negligence or willful act of the Customer or others, by improper use of the services, or by use of equipment provided by Customer or others.
- 2.4.8 The Customer must pay for the loss through theft of any Company equipment installed at customer's premises.
- 2.4.9 If the Company installs equipment at Customer's premises, the Customer shall be responsible for payment of any applicable installation charge.
- 2.4.10 The Customer must use the services offered in this tariff in a manner consistent with the terms of this tariff and the policies and regulations of all state, federal and local authorities having jurisdiction over the service.

2.5 Cancellation or Interruption of Services

- 2.5.1 Without incurring liability, upon five (5) working days' (defined as any day on which the company's business office is open and the U.S. Mail is delivered) written notice to the Customer, the Company may immediately discontinue services to a Customer or may withhold the provision of ordered or contracted services:
- 2.5.1.A For nonpayment of any sum due the Company for more than thirty (30) days after issuance of the bill for the amount due,
- 2.5.1.B For violation of any of the provisions of this tariff,
- 2.5.1.C For violation of any law, rule, regulation, policy of any governing authority having jurisdiction over the Company's services, or
- 2.5.1.D By reason of any order or decision of a court, public service commission or federal regulatory body or other governing authority prohibiting the Company from furnishing its services.
- 2.5.2 Without incurring liability, the Company may interrupt the provision of services at any time in order to perform tests and inspections to assure compliance with tariff regulations and the proper installation and operation of Customer and the Company's equipment and facilities and may continue such interruption until any items of noncompliance or improper equipment operation so identified are rectified.

SECTION 2 – RULES AND REGULATIONS (continued)

2.5 Cancellation or Interruption of Services (Cont'd)

2.5.3 Service may be discontinued by the Company without notice to the Customer, by blocking traffic to certain countries, cities or NXX exchanges, or by blocking calls using certain Customer authorization codes, when the company deems it necessary to take such action to prevent unlawful use of its service. The Company will restore service as soon as it can be provided without undue risk, and will, upon request by the Customer affected, assign a new authorization code to replace the one that has been deactivated.

2.5.4 The Customer may terminate service upon thirty (30) days written notice for the Company's standard month-to-month contract. Customer will be liable for all usage on any of the Company's service offerings until the Customer actually leaves the service. Customers will continue to have Company usage until the Customer notifies its local exchange carrier and changes its long distance carrier. Until the Customer so notifies its local exchange carrier, it shall continue to generate and be responsible for long distance usage.

2.6 Credit Allowance

2.6.1 Credit may be given for disputed calls, on a per call basis.

2.6.2 Credit shall not be issued for unavailability of long distance services.

2.7 Restoration of Service

The use and restoration of service shall be in accordance with the priority system specified in part 64, Subpart D of the Rules and Regulations of the Federal Communications Commission.

2.8 Deposit

The Company does not require deposits.

2.9 Advance Payments

The Company does not require advance payments.

SECTION 2 – RULES AND REGULATIONS (continued)

2.10 Payment and Billing

- 2.10.1 Service is provided and billed on a billing cycle basis, beginning on the date that service becomes effective. Billing is payable upon receipt. A late fee will be assessed on any unpaid amount 30 days after rendition of bills.
- 2.10.2 The customer is responsible for payment of all charges for services furnished to the Customer, as well as to all persons using the Customer's codes, exchange lines, facilities, or equipment, with or without the knowledge or consent of the Customer. The security of the Customer's Authorization Codes, subscribed exchange lines, and direct connect facilities is the responsibility of the Customer. All calls placed using direct connect facilities, presubscribed exchange lines, or Authorization Codes will be billed to and must be paid by the Customer.
- 2.10.3 The Company may utilize direct billing and LEC billing. The selection of the billing option is made by the Company. With LEC billing, the Customer's charges for Service(s) are billed with the Customer's bill for local service. If LEC billing is utilized, the rules and regulations applying to rendering and payment of the bill and late charges are the same as covered in the applicable LEC tariff. The Company will make every effort to post any credit due to the Customer accounts(s) on the Customer's next LEC bill. However, based on the date of the resolution of a dispute and the date credits must be provided to the LEC, it may be two or more billing cycles before a credit will be issued. The Company's name and toll-free telephone number will appear on the Customer's bill.

2.11 Collection Costs

In the event Company is required to initiate legal proceedings to collect any amounts due to Company for regulated or non-regulated services, equipment or facilities, or to enforce any judgment obtained against a Customer, or for the enforcement of any other provision of this tariff or applicable law, Customer shall, in addition to all amounts due, be liable to Company for all reasonable costs incurred by Company in such proceedings and enforcement actions, including reasonable attorneys' fees, collection agency fees or payments, and court costs. In any such proceeding, the amount of collection costs, including attorneys' fees, due to the Company, will be determined by the court.

2.12 Taxes

All federal, state and local taxes, assessments, surcharges, or fees, including sales taxes, use taxes, gross receipts taxes, and municipal utilities taxes, are billed as separate line items and are not included in the rates quoted herein.

SECTION 2 – RULES AND REGULATIONS (continued)

2.13 Late Charge

A late fee of the greater of \$5.95 or 1.5% monthly, or the amount otherwise authorized by law, will be charged on any past due balances.

2.14 Returned Check Charge

A fee will be charged whenever a check or draft presented for payment for service is not accepted by the institution on which it is written.

2.15 Reconnection Charge

A reconnection fee \$25 per occurrence will be charged when service is reestablished for Customers which have been disconnected due to non-payment. Payment of the reconnection fee and any other outstanding amounts will be due in full prior to reconnection of service.

SECTION 3 – DESCRIPTION OF SERVICE**3.1 Computation of Charges**

- 3.1.1 The total charge for each completed call may be a variable measured charge dependent on the duration, distance and time of day of the call. The total charge for each completed call may also be dependent only on the duration of the call, i.e. a statewide flat rate per minute charge. The variable measured charge is specified as a rate per minute that is applied to each minute. All calls are measured in increments as set forth in the Rates Section of this tariff. For all calls, fractions of an increment are rounded up to the next whole increment. For example, a call with a one (1) minute increment lasting 35 seconds will be rounded to one (1) minute. Calls with charges that include a fraction of a cent .5 or greater will be rounded to the next highest cent. For example, a Customer making a call with a computed charge of \$1.434 will be charged \$1.43 and a Customer making a call with a computed charges of \$1.435 will be charged \$1.44.
- 3.1.2 Usage charges for all mileage sensitive products are based on the airline distance between rate centers associated with the originating and terminating points of the call. The airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers involved. The Company uses the rate centers that are produced by Bell Communications Research in the NPA-NXX V&H Coordinates Tape and Bell's NECA Tariff No. 4

Formula:

$$\sqrt{\frac{(V1 - V2)^2 + (H1 - H2)^2}{10}}$$

- 3.1.3 Timing begins when the called station is answered and two-way communication is possible, as determined by standard industry methods generally in use for ascertaining answer, including hardware answer supervision in which the local telephone company sends a signal to the switch or the software utilizing audio tone detection. Recognition of answer supervision is the responsibility of the Underlying Carrier. Timing for each call ends when either party hangs up.
- 3.1.4 The Company will not bill for uncompleted calls.
- 3.1.5 If the Customer uses a calling plan with a monthly recurring charge, the monthly charge is charged for every billing or calendar month in which a customer uses the service as defined by placing a call from a working telephone number.

SECTION 3 – DESCRIPTION OF SERVICE (continued)

3.2 Customer Complaints and/or Billing Disputes

Customer inquiries or complaints regarding service or accounting may be made in writing or by telephone to the Company at:

3440 W. Market St.
Akron, OH 44333
1-800-274-1015

Any objection to billed charges should be reported promptly to the Company. Adjustments to Customers' bills shall be made to the extent that records are available and/or circumstances exist which reasonably indicate that such charges are not in accordance with approved rates or that an adjustment may otherwise be appropriate. A Customer who is unable to resolve a billing dispute with the Company may contact the Commission by telephone at 1-800-342-3552 to intervene in the billing dispute.

3.3 Level of Service

A Customer can expect end to end network availability of not less than 99% at all times for all services.

SECTION 3 – DESCRIPTION OF SERVICE (continued)**3.4 Service Offerings****3.4.1 Travel Cards**

The Customer utilizes an 11-digit “toll-free” access number established by the Company to access a terminal. Upon receiving a voice prompt, the Customer uses push button dialing to enter an identification code assigned by the Company, and the ten-digit number of the called party.

3.4.2 800 Service (Toll-Free)

This service is inbound calling only where an 800, 888 or other toll-free prefix number rings into a Customer’s premise routed to a specific telephone number or terminated over a dedicated facility.

3.4.3 Presubscribed 1+ Dialing

This service permits Customers to originate calls via switched or dedicated access lines, and to terminate intrastate calls. The Customer dials “1+” followed by “ten digits”. The Customer is presubscribed to the Company’s service.

3.4.4 Casual Calling

This service permits Customers to originate calls via switched access lines, and to terminate intrastate calls via a 10XXX or 101XXXX Access Code. The Customer dials the Access Code followed by “1+ ten digits”. This service is Non-Primary Interexchange Carrier Service. Non-Primary Interexchange Carrier Service is available to residences and businesses, except hospital, payphones, hotels and in-mate only facilities, that demonstrate credit-worthiness.

Access to long distance directory assistance is obtained by dialing 1 + 555-1212 for listings within the originating area code and 1 + (area code) + 555-1212 for other listings. No charges will be assessed by the Company for directory assistance.

3.4.6 Emergency Call Handling Procedures

Emergency "911" calls are not routed to company, but are completed through the local network at no charge.

3.4.7 Promotional Offerings

The Company may offer approved special promotions of new or existing services or products for limited time periods as approved by the Commission. These promotions will include specific tariffed starting and ending dates. All such promotions will be offered on a completely non-discriminatory basis. All such tariffed promotions must be approved by the Commission and must state exactly what charges are being reduced or waived, who's eligible, and what Customers have to do to be eligible.
