Docket No. 060001-EI

Filed: August 16, 2006

**PEF'S OBJECTIONS TO OPC'S ELEVENTH REQUEST FOR PRODUCTION
OF DOCUMENTS (NO. 52)**

Pursuant to Fla. Admin. Code R. 28-106.206 and Rule 1.350 of the Florida Rules of Civil Procedure, Progress Energy Florida, Inc. ("PEF") hereby serves its objections to the Office of Public Counsel's ("OPC's") Eleventh Request for Production of Documents (No. 52) and states as follows:

GENERAL OBJECTIONS

PEF generally objects to the time and place of production requirement in OPC's Eleventh Request for Production of Documents and will make all responsive documents available for inspection and copying at the offices of Progress Energy Florida, Inc., 106 E. College Avenue, Suite 800, Tallahassee, Florida, 32301 at a mutually-convenient time, or will produce the documents in some other manner or at some other place that is mutually convenient to both PEF and OPC for purposes of inspection, copying (at OPC's expense), or handling of the responsive documents.

With respect to the "Definitions" and "Instructions" in OPC's Eleventh Request for Production of Documents (No. 52), PEF objects to any definitions or instructions that are inconsistent with PEF's discovery obligations under applicable rules. If some question arises as to PEF's discovery obligations, PEF will comply with applicable rules

and not with any of OPC's definitions or instructions that are inconsistent with those rules. Furthermore, PEF objects to any definition or request that seeks to encompass persons or entities, including affiliates of PEF and/or Progress Fuels, who are not parties to this action or who are not subject to discovery under the applicable rules. Furthermore, PEF objects to any request that can be construed to call for PEF to create documents that it otherwise does not have because there is no such requirement under the applicable rules and law.

Additionally, PEF generally objects to OPC's requests to the extent that they call for documents protected by the attorney-client privilege, the work product doctrine, the accountant-client privilege, the trade secret privilege, or any other applicable privilege or protection afforded by law. PEF will provide a privilege log in accordance with the applicable law to the extent, if at all, that any document request calls for the production of privileged or protected documents.

PEF generally objects to OPC's Eleventh Request for Production of Documents to the extent that it calls for the production of "all" documents of any nature, including, every copy of every document responsive to the requests. PEF will make a good faith, reasonably diligent attempt to identify and obtain responsive documents when no objection has been asserted to the production of such documents, but it is not practicable or even possible to identify, obtain, and produce "all" documents. In addition, PEF reserves the right to supplement any of its responses to OPC's requests for production if PEF cannot produce documents immediately due to their magnitude and the work required to aggregate them, or if PEF later discovers additional responsive documents in the course of this proceeding.

By making these general objections at this time, PEF does not waive or relinquish its right to assert additional general and specific objections to OPC's discovery at the time PEF's response is due.

SPECIFIC OBJECTIONS

Request for Production Nos. 52: PEF objects to Request for Production of Documents No. 52, as irrelevant, overbroad, and not likely to lead to the discovery of admissible evidence. Specifically, PEF objects to the information requested from 2003 since such information has no relevance to or bearing on this proceeding. Subject to and without waiving same, PEF will produce Forms 423 filed with the Florida Public Service Commission for the years 2004-2005.
