Re: Docket No. 060362-EI

Dear Ms. Bayo:

Please treat this communication as AARP's adoption of and joinder in the comments and analysis filed by the Office of Public Counsel in the docket today, which comments oppose the treatment of base gas being sought by Florida Power & Light Company. The adoption of Public Counsel's written comments are in addition to the verbal opposition to the utility's request I presented to the Commission on AARP's behalf at the Agenda Conference on August 15, 2006.

Thank you for your assistance.

Sincerely,

Michael B. Twomey
Attorney for AARP
