Dear Ms. Salak:

Pursuant to Florida Statutes Section 364.051, "Price regulation," and Section 364.164, "Competitive market enhancement," Verizon Florida Inc. ("Company") submits this filing to adjust certain rates for basic and non-basic services and certain rates for intrastate switched access services. Specifically, the Company is making a single tariff filing that incorporates rate changes associated with rate rebalancing, approved by the Commission on December 24, 2003 in Docket No. 030867-TL, and its annual price regulation filing.

The basic local exchange rate increases related to the rate rebalancing docket are based on units for both basic local exchange and switched access services that have been updated to the 12 months ending June 30, 2006. In order to remain revenue neutral, as required by statute, the rate decreases for switched access services have been adjusted accordingly.
