Re: Docket No. 041269-TP: Petition to establish generic docket to consider amendments to interconnection agreements resulting from changes in law, by Bellsouth Telecommunications, Inc.

Dear Ms. Bayo:

BellSouth Telecommunications, Inc. ("BellSouth") respectfully advises the Florida Public Service Commission ("Commission") that a change is required to the BellSouth unimpaired wire center list for Florida. As the Commission is aware, the Commission determined the list of BellSouth's unimpaired wire centers in its March 2, 2006 Order No. PSC-06-0172-FOF-TP in the above-referenced docket.

Recently, while gathering information to respond to a request in another proceeding, a CLEC advised BellSouth that the CLEC's prior statement in Docket No. 041269-TP was inaccurate and that it was not a Fiber Based Collocator (FBC) in the MNDRFLLO wire center. Taking this revised information into account, the MNDRFLLO wire center did not meet the threshold necessary to attain unimpaired status. Therefore, BellSouth is removing the MNDRFLLO wire center in Florida from its Master List.

BellSouth has determined that removing this wire center from the unimpaired list established by the Commission has no impact on any transport circuits previously obtained by CLECs. That is, to date, any CLEC ordering UNE transport in the MNDRFLLO wire center has obtained the service as a UNE, and CLECs will continue to be able to obtain transport as a UNE in this wire center in the future.

FPSC - COMMISSION CLERK

BellSouth has issued Carrier Notification Letter **SN91086206** to advise CLECs that the MNDRFLO wire center should no longer be considered an unimpaired wire center.

Sincerely,

James Meza III
