Park Water Company
25 1st Avenue N.
Lake Wales, FL 33859

September 25, 2006

Public Service Commission
Gerald Edwards Or Jay Revell
2540 Shumard Oak Blvd.
Tallahassee, FL 32399-0850

Gerald and Jay,

I have enclosed a map showing the contributed line on Wilson Ave., Taylor, and Roosevelt. The breakdown by account for the cost on this line is a follows:

Fire Hydrant - \$2000
Meter & Backflow - \$1,100
Water mains/distribution \$75,900 or the remainder of the amount shown on fax already submitted.

The in-service date for the lines is 8/1/99
I calculate the accumulated depreciation for this line to be \$10,389.00. It is shown in our tax return as combined with Chemical Container main extension. They are both contributed and installed at the same time.

I have also sent a copy of an engineering invoice for the Map that you have already received. Please add this to rate case expense.

Park Water Company also requests very late in this rate proceeding that you adjust our 5/8 X 3/4 Meter Set Fee from \$150.00 to \$275.00, so that all new meters can be installed with proper meter reading technology. The increase in cost does not represent any fee increase, just the increase cost in the meter itself. This increase will only apply to new meter sets and not affect our current customers.

If you need further information, please contact me.

Anthony Staiano
