DOCKET NO. 060001-EI
FILED: October 30, 2006

**TAMPA ELECTRIC COMPANY'S SUPPLEMENT TO
MOTION FOR TEMPORARY PROTECTIVE ORDER**

On September 27, 2006 Tampa Electric submitted its Motion for Temporary Protective Order asking that certain information requested in Office of Public Counsel's Second Request for Production of Documents (Nos. 2-9) be treated as confidential proprietary business information exempt from Section 119.07(1), Florida Statutes. Tampa Electric hereby supplements that Motion with the following information concerning confidentiality:

1. OPC's second request asked Tampa Electric to produce copies of all contracts for coal purchases covering years 2006 and beyond. The responsive materials (Bates stamp pages 2-534) are privately negotiated contracts, public disclosure of which would adversely affect Tampa Electric's ability to contract for goods and services on favorable grounds in future coal purchases. Privately negotiated coal purchase agreements traditionally have been treated by the Commission as confidential proprietary business information and afforded confidential classification for 24 months from the date of the order granting confidentiality. See, for example, Order No. PSC-06-0890-CFO-EI issued in Docket No. 060001-EI on October 25, 2006.

2. Item 3 asks for copies of all RFPs issued, bid evaluation documents, and documents relating to coal purchase prices and quantities of coal to be purchased, which have been originated since January 1, 2005. Tampa Electric's response, Bates stamp pages 536-1305, provide detailed information concerning Tampa Electric's negotiated coal contracts, including

FPSC-COMMISSION CLERK

pricing and other privately negotiated details. As such, the information in question is in need of confidential protection for the same reasons as the material requested in OPC's Request No. 2. This is private contractual coal supply information of the type traditionally treated as confidential by the Commission.

3. Materials responsive to OPC's Request No. 4, commencing at Bates stamp page 1307 and continuing through Bates stamp page 1320 needs no confidential protection.

4. Items responsive to OPC's Request No. 5, beginning at Bates stamp page 1322 and continuing through Bates stamp page 1334 do not need confidential protection. However, Bates stamp page 1335 is in need of confidential protection because it discloses price and hedge percentages. The Commission has traditionally considered these hedging related strategies and decision making to be confidential proprietary business information. Bates stamp pages 1336 through 1341 do not require confidential treatment, although Bates stamp pages 1342 through 1387 do require confidential treatment. These pages disclose private contractual proposals being discussed by Tampa Electric with potential providers of the services therein described. Public disclosure of this information could harm Tampa Electric's ability to negotiate for the services described in the proposals. The remainder of Tampa Electric's response to Request No. 5 (Bates stamp pages 1388-1495) do not require confidential treatment.

5. Tampa Electric's responses to Requests Nos. 7 and 8 do not require confidential treatment.

6. Request No. 9 asks Tampa Electric to provide a copy of any existing or proposed natural gas storage contracts that Tampa Electric entered into or is considering entering into. Tampa Electric's response (Bates stamp pages 26062 through 26189) disclose privately negotiated contract provisions, the public disclosure of which would be very harmful to Tampa

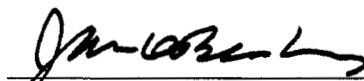

Electric's ability in the future to negotiate natural gas storage contracts on favorable terms. As such, this information is entitled to protection under Section 366.093(3)(d), Florida Statutes, because public disclosure would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms. By disclosing the terms and conditions of an existing negotiated agreement Tampa Electric would be disadvantaged in future negotiations for the same of similar services.

7. Tampa Electric treats the above-referenced confidential information as confidential information and has not disclosed it publicly.

WHEREFORE, Tampa Electric submits the foregoing supplemental information supporting its September 27, 2006 Motion for Temporary Protective Order.

DATED this 30th day of October 2006.

Respectfully submitted,

LEE L. WILLIS
JAMES D. BEASLEY
