BEFORE THE PUBLIC SERVICE COMMISSION

In re: Petition To Determine Need For an Electrical Power Plant in Taylor County by Florida Municipal Power Agency, JEA, Reedy Creek Improvement District and City of Tallahassee.

, L

÷ .

DOCKET NO. 060635-EU DATED: December 18, 2006

FLORIDA MUNICIPAL POWER AGENCY, JEA, REEDY CREEK IMPROVEMENT DISTRICT AND CITY OF TALLAHASSEE'S (APPLICANTS') NOTICE OF INTENT TO REQUEST CONFIDENTIAL CLASSIFICATION

Florida Municipal Power Agency, JEA, Reedy Creek Improvement District and City of Tallahassee ("Applicants"), by and through their undersigned counsel, and pursuant to Rule 25-22.006, Florida Administrative Code, hereby give notice that they intend to request confidential classification of a confidential document provided in its response to Staff's Third Request for Production of Documents, Request No. 9. Request No. 9 requests "any letters of intent or other documents on which the applicants have based their assertion that sufficient fuel commodity and fuel transportation will be available to support TEC;" a copy of Staff's Third Request for Production of Documents is attached hereto. In addition, a copy of the confidential document is being provided with this notice in a separate enveloped labeled "CONFIDENTIAL."

The document referenced above contains proprietary confidential business information regarding price forecasts for coal. Disclosure of this information would provide potential fuel and purchased power suppliers knowledge of what the Applicants expect to pay for this commodity in the future (2005 through 2015). This knowledge could give potential suppliers a significant competitive advantage in future negotiations because the suppliers would no longer need to make their best offers to ensure the competitiveness of their rates against the Applicants'

DOCUMENT NUMBER-DATE

FPSC-COMMISSION CLEEK

forecasts. Instead, potential suppliers would simply offer the highest rates that allowed them to maintain a marginally competitive position against the Applicants' forecasts. As a result, the Applicants could incur higher fuel and/or purchased power costs than if potential suppliers were not forearmed with this sensitive and competitively damaging information. Because any such higher fuel costs would ultimately be borne by customers of the Applicants, disclosure of the forecasts would be contrary to the best interests of the Applicants' customers.

. .

The information for which confidential classification is sought is intended to be and is treated by the Applicants as confidential. A formal request for confidential classification will be filed within the time period specified in Rule 25-22.006 (3)(a), Florida Administrative Code.

RESPECTFULLY SUBMITTED this 18th day of December, 2006.
