RE: *Corrected Copy:*
Docket 060038-EI, Recommendation concerning Florida Power & Light Company's (FPL) request for confidential classification concerning a portion of the audit report and staff working papers prepared during "Florida Power & Light Review of 2004/2005 Storm Damage Cost Recovery for the Year Ended December 31, 2005", Audit Control No. 05-292-4-1, Documents Numbered 01397-06, 01398-06, 01399-06, 01400-06, 01696-06, 02574-06, and 02834-06

On February 14 and March 1, 2006, when copies of certain portions of staff's audit report and working papers obtained or prepared during the "Florida Power & Light Review of 2004/2005 Storm Damage Cost Recovery for the Year Ended December 31, 2005", were delivered to FPL at the audit exit conference, the utility requested that these materials be temporarily exempted from public access in accordance with provisions of Rule 25-22.006(3)(a)2., Florida Administrative Code (FAC).

On February 17 and February 28, 2006, staff filed Documents numbered 01397-06, 01398-06, 01399-06, 01400-06, and 01696-06 consisting of those specified portions of the staff's audit report and working papers.

On March 22, 2006, FPL filed a request pursuant to Rule 25-22.006, FAC, and Section 366.093, Florida Statutes (F.S), that selected portions of the audit report and working papers prepared by the staff during the audit receive confidential classification. The utility's request included redacted copies for public inspection (Document No. 02575-06) and copies with the sensitive material highlighted (document 02574-06).

On March 30, staff filed a corrected copy of page 11 of its audit report, Finding No. 7 titled "Advertising Costs". Since this material was identified as sensitive by FPL at the audit exit conference, staff filed this correction as confidential (Document No. 02834-06).

On May 25, 2006, after discussions with the staff and after staff returned part of the sensitive information (social security numbers) to the utility, FPL reduced the size of their request.

Documents numbered 01397-06, 01398-06, 01399-06, 01400-06, 01696-06, 02574-06, and 02834-06 are held by the Commission's Division of the Commission Clerk and Administrative Services as confidential pending resolution of FPL's request for confidential classification.

DOCUMENT NUMBER-DATE

11688 DEC 22 06

Pursuant to Section 119.07, F.S., documents submitted to this Commission are public records. The only exceptions to this law are specific statutory exemptions and exemptions granted by governmental agencies pursuant to the specific items of a statutory provision. Subsections 366.093(3)(a)(b)(d)(e) and (f), F.S., provide the following exemptions.

Subsection 366.093, F.S., provides; "Proprietary confidential business information means information, regardless of form or characteristics, which is owned or controlled by the person or company, is intended to be and is treated by the person or company as private in that the disclosure of the information would cause harm to the ratepayers or the person's or company's business operations, and has not been disclosed unless disclosed pursuant to a statutory provision, an order of a court or administrative body, or private agreement that provides that the information will not be released to the public. Proprietary confidential business information includes but is not limited to:

- (a) Trade secrets.
- (b) Internal auditing controls and reports of internal auditors.
-
- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.
- (e) Information relating to competitive business interests, the disclosure of which would impair the competitive business of the provider of the information.
- (f) Employee personnel information unrelated to compensation, duties, qualifications, or responsibilities."

According to Section 366.093, F.S., and Rule 25-22.006, FAC, the utility has the burden of demonstrating that materials qualify for confidential classification. According to Rule 25-22.006, FAC, the utility must meet this burden by demonstrating that the information is proprietary confidential business information, the disclosure of which will cause the utility, the provider of the information or the ratepayer harm.

Staff Analysis of the Request

Reading the filing reveals the sensitive material consists of:

- 1) Sensitive contractual and competitive business information including vendor information, such as pricing and other terms.

Witness Edward S. Bowman, FPL Manager of Support Services in the Law Department, identifies sensitive contractual and competitive business information in the audit materials titled: "Audit Report", "Legal Accrual Detail", and "Audit Finding".

Witness Robert H. Adams, Jr., FPL Director, Cost and Performance in the Power Systems Division, identifies sensitive contractual and competitive business information in the audit materials titled: "Distribution Contractor Accrual", and "Outside Crew Cash Voucher."

December 21, 2006
Florida Power and Light Request

Witness Katherine Monserrat, FPL Senior Manager of Customer Communications, identifies sensitive contractual and competitive business information in the audit material titled: "Advertising Voucher."

Witness D. K. White, FPL Manager of Materials Management, identifies sensitive contractual and competitive business information in the audit material titled: "Lodging Vouchers."

Witness Frank V. Isabella, FPL Assistant Controller, Accounting Process Controls, identifies sensitive contractual and competitive business information in the audit material titled: "CD (computer disc) for Request 25", and "CD (computer disc) 31a,b,c for Request 35."

Section 366.093(3)(d), F.S., provides that the Commission may grant a confidential classification to bid and contractual information if release of that information would harm the ability of FPL or its affiliates ability to contract favorably for goods and services in the future.

Section 366.093(3)(e) F.S. provides that the commission may grant a confidential classification to competitive business information if release of that information would harm the competitive business of the provider of that information.

Reading this material reveals it is of a sensitive nature such that release of the information could harm the contracting ability of FPL or harm the competitive business of the provider of the information.

2) Information concerning Internal Audit Reports

Witness Antonio Maceo, FPL Manager of Internal Auditing, identifies sensitive information concerning Internal Audit Reports in the audit material titled: "Audit Report", "Internal Audit Notes", and "Summary of Advertising Vouchers."

Section 366.093(3)(b), F.S. provides that the Commission may grant a confidential classification to Internal Auditing Controls and Reports of Internal Auditors. Reading the material identified by witness Maceo reveals it pertains to internal audit reports and may be granted a confidential classification.

December 21, 2006
Florida Power and Light Request

3) Trade Secrets and Sensitive Competitive Business Information

Witness Kathy Beilhart, FPL Assistant Treasurer in the Finance Division, identifies trade secrets and sensitive competitive business information in the audit material titled: "Bond Schedule, page 1."

Section 366.093(3)(e), F.S., provides that the Commission may grant a confidential classification to sensitive competitive business information.

Ms. Beilhart claims that this information also presents a trade secret, but neither FPL nor Ms. Beilhart provide justification as to why the information should be considered a trade secret nor does FPL provide any decision of this Commission or any other Administrative decision that this information has ever been recognized as a trade secret. Therefore, the request that this information also be recognized as a trade secret should not be granted because the burden of proof that the information is a trade secret is FPL's responsibility and merely claiming that the information is a trade secret does not meet this burden of proof.

Upon reading the audit material titled "Bond Schedule, page 1", this information qualifies for a confidential classification as sensitive competitive business information, but the utility has not shown that this material is also a trade secret.

4) Sensitive Competitive Business Information

Witness Wayne Olson, Credit Suisse Managing Director, identifies sensitive competitive business information in the audit material titled: "Bond Schedule, Page 2."

Witness Robert H. Adams, Jr., FPL Director, Cost and Performance in the Power Systems Division, identifies sensitive competitive business information in the audit material titled: "Audit Finding", "Procedures to Repair/Replace Poles", "Lesson on Setting/Removing Poles", and "Procedures to Record Time."

Witness Keith Kennedy, FPL Director of Risk Management, identifies sensitive competitive business information in the audit material titled: "Summary of Insurance Proceeds", "Insurance Accrual", and "Detail of Insurance Accrual."

Witness Kenneth Getchell, FPL Planning and Performance Manager in the Customer Service Department, identifies sensitive competitive business information in the audit material titled: "Telephone Vouchers."

Section 366.093(3)(e), F.S., provides that the Commission may grant a confidential classification to sensitive competitive business information if release of that information will harm the competitive business of the provider of that information.

Based on reading the material identified by these witness, this information if released would harm the competitive businesses interests of the providers of the information.

5) Sensitive Contractual Information

Witness Christopher J. Trump, FPL Manager of Materials Management in the Integrated Supply Chain Department, identifies sensitive contractual information in the audit material titled: "Storm Cost."

Witness W. E. Gwinn, FPL Manager Nuclear Finance, identifies sensitive contractual information in the audit material titled: "Estimates Dune Restoration."

Witness Pamela Sonnelitter, FPL General Manager of Business Services in the Power Generation Division, identifies sensitive contractual information in the audit material titled: "Martin Repair Accrual."

Witness Robert H. Adams, Jr., FPL Director, Cost and Performance in the Power Systems Division, identifies sensitive contractual information in the audit material titled: "Summary of Results of CV Sample", "Cash Voucher", "Purchase Orders", and "Vehicle."

Witness Richard R. Thomas, FPL Payroll Manager in the Human Services Department, identifies sensitive contractual information in the audit material titled: "Payroll".

6). Social Security Numbers

FPL witnesses Frank Isabella, Richard Thomas and Robert H. Adams identify instances where social security number information is found in the staff working papers. Social Security numbers in the custody of the Commission are *Per Se* confidential according to Section 119.071(5)(a)3., Florida Statutes. Where the Commission no longer needs this social security number information it has been returned to the utility. Social security number information contained on the following working papers have been returned to the utility:

WP 46-1/1	(1 page)	WP 46-16/7	(pages 1 through 4)
WP 46-2	(3 pages)	WP 46-16/8	(pages 2 through 4)

7). Information containing employee personnel information unrelated to compensation, duties, qualifications, or responsibilities as well as sensitive contractual and competitive information.

Witness Frank V. Isabella, FPL Assistant Controller, Accounting Process Controls, identifies employee personnel information unrelated to compensation, duties, qualifications, or responsibilities, as well as sensitive contractual and competitive business information upon "Working Paper 43-11" which is comprised of "Answers to auditor inquiries 4a, 4b, and 4c for request 4" consisting of 3 computer discs.

Staff Analysis -- Conclusion

The information identified by witnesses Bowman, Adams, Monserrat, White, Isabella, Maceo, Beilhart, Olson, Kennedy, Getchell, Trump, Gwinn, Sonnelitter and Thomas should be granted a confidential classification since the sensitive information pertains to: FPL's internal audits; contractual information release of which would harm FPL or its affiliates; competitive business information release of which would harm the provider of that information; and employee personnel information unrelated to duties, compensation, qualifications, or responsibilities. These types of information are set out as exceptions to public records law in accordance with the provisions of Sections 366.093(3)(b)(d),(e), and (f), Florida Statutes.

Further, FPL has requested that information contained in WP 2-5/1 in addition to being considered sensitive competitive business information also be considered a trade secret. FPL failed to meet its burden of proof that this information is a trade secret.

In addition, staff has updated its audit materials deleting employee social security numbers from 98 working papers and sending this information to the utility (affecting document 01399-06). Also staff has returned 98 pages of FPL's request which also disclosed the employee social security numbers (affecting document 02574-06). In response, FPL has agreed not to request confidential classification for these 98 updated staff working papers.

Information Held as Confidential

To qualify as proprietary confidential business information, the material must also be held as private and not released to the public. FPL asserts that this sensitive information meets the statutory restrictions necessary for the material to be provided a confidential classification. FPL also asserts this information has not been disclosed to the Public. Further, FPL witnesses assert FPL has maintained the confidentiality of these materials.

Duration of the Confidential Classification Period

FPL requests that this material be held as confidential for at least 18 months and that this material should be returned to FPL once the information is no longer needed for the Commission to conduct its business.

According to the provisions of Section 366.093(4), F.S., absent good cause shown, confidential classification is limited to 18 months. Without cause shown for a longer period, we recommend that the period of confidential classification be set as 18 months. As deemed necessary, the utility may request an extension of the confidential classification before the period tolls.

Staff Recommendation

Based upon reading the filing, and for the reasons presented above, we recommend the utility's request be granted and that the identified material be granted a confidential classification for 18 months. Also we are reporting which material containing social security numbers were returned to the utility.
